

Public Questions for the County Council Meeting on 20 July 2017

Question from Cllr Andrew Kerby, North Dorset District Council to the Cabinet Member for Economy, Education, Skills and in relation to the Transfer of Youth Services to the Community in 2016.

Question

Is the County Council aware of the ongoing issues faced by groups following the transfer of youth services to the community in 2016?

If so, I look for assurance that lessons have been learned and that there is support for the community groups that have ongoing problems.
