

Public Statement for the County Council Meeting on 20 July 2017

Statement from Ms Sally Maslin and Mr Andreas Scheffler, as residents of Weymouth in
relation to the Recovery Hub at 22 Abbotsbury Rd, Weymouth

To hand in a petition signed by over 650 local residents objecting to the proposal to open a drug and alcohol recovery facility to serve those affected by addiction, coming from across the whole of Dorset, at 22 Abbotsbury Rd Weymouth, and asking Dorset County Council to carefully reconsider this proposal.

To outline why we consider this location to be both inadequate and inappropriate and that the siting of this facility at this location is not fair on local residents, local businesses nor on its potential clients.
