

# STOP THE DEMOLITION OF ST MARTINS HOUSE

Dorset County Council plans to demolish St Martins House in Queen Street, Gillingham SP8 4DZ, without any consultation with Gillingham residents, using a "permitted development" loophole in planning regulations. The building is listed as a Heritage Asset in the recently adopted Neighbourhood Plan document, which local residents voted 91% in favour of in the official referendum. This has been totally ignored. **We, the undersigned, want Dorset County Council to promise not to demolish St Martins House.**
