

Appendix 3

Summary Heads of Terms for new s106 agreement for extension of life of Wytch Farm to 2037 (revised at 2013)

- an obligation from BP Exploration Operating Company Limited (BPEOC) and BP Exploration Company Limited (BPEC) not to implement further old planning permissions for the oilfield, that were personal to that company, and to relinquish those permissions without compensation;
- an obligation from Perenco not to implement further the existing planning permissions for the oilfield that are **to be replaced by new permissions** ~~the subject of the current applications beyond two months after the approval of the current applications~~
- an obligation from Perenco to cease **all** development and operations ~~of the oilfields~~, save for restoration and aftercare operations, by ~~31/12/2037~~;
- **include the decommissioning, restoration and aftercare requirements in largely the forms set out in the proposed planning conditions;**
- an obligation from Perenco to submit detailed restoration and aftercare schemes for approval for the Wytch Moor Causeway site and for all the other oilfield sites (save for the Rail Sidings Area) by 31/12/20354 **(or the date required by the relevant planning conditions where different)** or when each is no longer required for use in connection with the operation of the oilfields;
- an obligation from Perenco to complete the approved **decommissioning and** restoration of:

Arne G site by the earliest of **two years** after it is no longer required for use in connection with the operation of the oilfields or 31/12/2027;

Wareham Wellsite C by the earliest of **two years** after it is no longer required for use in connection with the operation of the oilfields or 31/12/2032;

Wareham Wellsite D by the earliest of **two years** after it is no longer required for use in connection with the operation of the oilfields or 31/12/2032;

The Storage Tanks Area at Furzebrook by 31/12/2013;

the Wytch Moor Causeway site and all the other oilfield sites (save for the Rail Sidings Area) by 31/12/2037.

- an obligation from Perenco to complete the approved aftercare of each oilfield site in accordance with the planning conditions **and** approved aftercare schemes;
- an obligation from Perenco SA to undertake approved **decommissioning**, restoration and aftercare of the oilfield sites in the event that this is not completed by Perenco UK;
- an obligation from BPEOC to undertake approved **decommissioning**, restoration and aftercare of the oilfield sites or to provide the MPA with funds to enable it to do so in the event that this is not completed by Perenco UK or its parent company Perenco S.A.;
- a requirement that oil is exported from the oilfield by the Purbeck to Southampton Pipeline only (save for oil from the Kimmeridge Wellsite);
- an agreement that all staff and contractors use the dedicated oilfield access road only to access the Wytch Farm oilfield;
- an agreement to limit the physical extent and height of the infrastructure at the Gathering Station and Rail Terminal to no more than that currently approved;
- a requirement that Perenco seek to acquire and retain leases or licences of all the oilfield Land Management Areas (LMA) and Operational Areas until the expiry of the aftercare period and the approved management of the LMA for each site ;
- an obligation from Perenco to grant a lease to the Council of land at Furzebrook Sidings for use as part of a transportation corridor plan (to replace an existing obligation to this effect);
- payment by Perenco of £1.7M contribution towards measures which compensate for the residual adverse impacts of the proposed continued operation of the oilfields and the terms for establishment and operation of an appropriate Panel to distribute the contribution to suitable schemes in line with Perenco's proposed split of funding between compensation aims.
