7 FINANCE REPORT - OUTTURN 2020/21

Decision

[Executive Decision Notice - Finance report - Outturn 2020/21 - Dorset Council](#)

Reason for decision

At its Annual Meeting, Council decided to continue to meet virtually for all non-executive committees. The Leader of the Council also decided that Cabinet should continue to meet virtually until social distancing requirements had been removed. Therefore, the Portfolio Holder for Customer and Community Services has made this decision taking into account the views expressed by the wider cabinet membership.

Although this report does not seek formal approval from Cabinet for the reported outturn, the performance for the previous year is an important part of the financial management process as it marks the start of the medium-term financial planning (MTFP) and budget strategy process for 2022/23. In addition to reporting outturn, with the financial performance for the year materially complete, it is important for Cabinet to review the risks the organisation now faces and the areas where it wishes to make strategic investments and to repurpose and prioritise its reserves to facilitate these aims.

The Leader of the Council also decided that Cabinet should continue to meet virtually until social distancing requirements had been removed. Therefore, the Portfolio Holder for Customer and Community Services has made this decision taking into account the views expressed by the wider cabinet membership.

A new Framework is required as the current Dorset Care Framework for Older People expires on 30 November 2022 and the Dorset Care Framework for Learning Disabilities needs a refresh to include Mental Health provision. By putting in place one Framework for all service user groups there is greater clarity for the market. The aim is to have the Framework in place by the autumn of 2021.

The Framework will be established by utilising the flexibilities of what is the Light Touch Regime under the Public Contract Regulations 2015 which allows Public Sector Bodies, in terms of health and social care, to adapt / innovate procurement and contracting models to best meet the service requirements.

The Framework will be in place for up to 10 years and will enable providers to join at any time (as long as specific criteria is met) instead of fixed opening periods (as is the case with the existing Frameworks).

The proposed new Framework tool is key to delivery of flexible contracting with all sectors of the provider market, including micro enterprises.

Feedback from existing providers is that our current Framework is difficult to enter primarily because it only facilitates new agencies joining at set times. The proposed new Framework will address this issue as it will be open.

The proposed new Framework is a timely as it will offer several opportunities to innovate the care and support market to better meet key legislative, Corporate and Directorate priorities
