#### 45. Declarations of Interest

Cllr Mary Penfold declared a non-pecuniary interest in respect of the South Street Market, where her son sporadically has a food stall.

#### 46. Public Participation

There was no public participation to report.

#### 47. Market Activities and Progress

The committee received an update on the Dorchester Market activities and discussed progress made to date.

The Panel also heard from John George – Ensors who circulated his proposal for investing in the Market. It was reported that the legal advice was that it was not possible to offer a further extension to the existing contract and that a fresh procurement process would need to be undertaken. All of those present felt that this process should be commenced as soon as possible.

The Panel also made the following observations:

- Chase assets & property about any long-term view on use of site given upcoming procurement
- Unauthorised storage in the shed building

- Discussion about whether new contract or DTC to operate
- Presentations from potential operators ahead of procurement process
- To re-circulate the Daryl Chambers report
- To discuss the future of the Linneys and views of Planning & Conservation Officers.

#### **48. Financial position**

The informal panel considered a report of the senior accountant and members were advised that the total income accounted for during 2021/22 was £30,022 against a budget of £165,165, leaving an income deficit of £35,143. It was also noted that the main reason for the shortfall was the continued effect of the Covid-19 pandemic, on the Cornhill Traders Budget.

Members also noted that for 2020/21, there had been a 50% reduction in the budgeted income contribution of £47,824 in relation to Fairfield Car Park income in recognition of the reduced Market activities during restrictions.

However, in 2021/22, the full budgeted £48,541 contribution was received from Parking services following the easing of Covid restrictions and return a more normal trading environment.

#### **Decision**

That the income and expenditure statement for 2021/2 be approved.

#### **49. Car Boot Sale Fund**

Members considered a report of the Community Engagement Project Officer (DC) setting out the update on the current grant fund of the Dorchester Car Boot Fund as of July 2022 and asking the informal panel to open the grant fund for 2022/23.

#### **Decision**

- (a) That the 2022/23 Car Boot Sale Fund be opened to eligible groups from mid-September for a period of 6 – 8 weeks.
- (b) That a group consisting of the Chairman and Vice Chairman of the Panel, together with one other Member from each Council, be authorised to consider and agree the car boot fund grant applications.

### **8. Appendices**

Appendix 1 – Budget 2023/24

### **9. Background Papers**

Management Accounts from Market Operator – currently received figures up to end of Q1 2022/23.

### **10. Projected Outturn 2022/23 (Appendix 1, Column C)**

- 10.1 The total projected expenditure is forecast to be marginally over budget, currently looking at a potential cost of £44,889 against a budget of £44,313. The main reason behind the slight overspend is due to increased Electricity costs in relation to the monthly Npower bills, following the wider overall increase in utility costs seen during the previous year. This has been reflected in the assumed 2023/24 budget, provisionally allocating a 30% uplift (in line with Dorset Council's budgetary approach to utility costs). The projected outturn assumes that the full £19,600 R&M (Repairs & Maintenance) budget will be spent. Although current R&M actuals are minimal, it is assumed the unspent R&M budget will be transferred into the earmarked R&M reserve at year end (as per 2021/22, and prior, outturns).

- 10.2 There is projected to be a significant deficit on the gross income budget. Current projections indicate potential income of £133,729, against a budget of £166,379. However, it needs noting that as at the time of writing, Dorset Council has only received Management Accounts information from the Market operator, Ensors, up to the end of Quarter 1 (30<sup>th</sup> June 2022) for 2022/23. As a result, it is assumed that the proportion of the gross income budget relating to Ensors - £69,000 (£48,000 relating to the Dorchester Market Operation, and £21,000 relating to the Car Boot), will see a projected income deficit of ~£19,000. This is based on £16,612, being the net income due to the Market Panel at end of Q1 2022/23. Historically, Q1 income would typically represent around a third of the total annual income. Net income from this contract is considerably lower in Q1 2022/23 when compared to the Q1 2021/22 figure. For context, the 2021/22 outturn saw a strong recovery from the Covid-19 pandemic, with Market operator income slightly exceeding the budget, although Car Boot income was slightly under budget. Overall, there was a ~£4,700 income budget deficit in 2021/22 in relation to the Market operator contract.
- 10.3 It is currently anticipated that there will be a shortfall of £12,987 in relation to the Cornhill Traders income, based on the agreed rental premium reduction covering 2022/23. Cornhill Traders income is budgeted at £25,974 for 2022/23, and it is expected that half of this amount will be received.
- 10.4 The other sources of income are mostly expected to come in or around on budget during 2022/23, including the rents for the Corn Market & Café, and the full budget of £49,755 is anticipated in respect of the allowance for Fairfield parking income.
- 10.5 Overall, this means the sum available for distribution to the panel is forecast to be £88,840, against a net budget of £122,066. The relevant shares would be split as follows: Dorset Council - £49,290 (against a budget of £67,058), Dorchester Town Council - £26,541 (against a budget of £36,108) and transfer to the Car Boot Reserve of £13,010 (against a budget of £18,900).

## **11. Budget 2023/24 (Appendix 1, Column D)**

- 11.1 The proposed expenditure budget is £45,332. This represents a minor increase on the approved expenditure budget for 2022/23, set at £44,313. The increase is due to inflationary increases on the Electricity and Water budget lines. The prevailing Dorset Council budget guidance, used in the

preparation of 2023/24 budgets, doesn't provide for general inflation on expenditure budget lines, with the exception of utility costs (30% on Gas & Electricity, and 6% on Water).

- 11.2 The proposed income budget is £173,267, up from £166,379 agreed for 2022/23. The Dorset Council income budget guidance for 2023/24 is to assume increases of 5% on all Fees & Charges income budgets. This principle has been applied to the Market Operators (Ensors) and Fairfield Car Park income lines. Cornhill Traders income budget has been frozen at the 2022/23 level, pending further clarification on the premium going forward, while the Corn Market and Café income levels are based on their respective individual agreements – a slight increase to the income budget.
- 11.3 This means the budgeted surplus for distribution is £127,935, with Dorset Council due £70,259 and Dorchester Town Council £37,832. The budgeted top up to the Car Boot reserve would be £19,845.

**Footnote:**

Issues relating to financial, legal, environmental, economic and equalities implications have been considered and any information relevant to the decision is included within the report.
