There were no urgent items.

200. **Dorsom, Seaborough Manor Farm, Beaminster, DT8 3QY**

The Licensing Team Leader introduced the report. She made the Committee aware that the ward member in the report was listed incorrectly, and that it should have been Cllr Simon Christopher.

The Applicant's Agent, Mr Semper informed the committee that the first aid kit 21-50 persons was standard and the actual first aid response and provisions would be provided in the forthcoming event management plan (EMP). He confirmed that there would be no event in 2024 and a minor variation would be submitted. As Little Jamaica was thought to have been included within the land but that was not the case, a new plan excluding Little Jamaica would be submitted. Dorsom was a

family friendly festival which would appeal to a wide range of musical taste. There would be hot and cold food throughout the event. A maximum of one event per year with the ability of the event to be held on different dates in July. They had planned for an event between 18th and 21st July this year, but they had insufficient time to prepare. He added that the proposed conditions required an EMP which would be a living document changing from one event to the next and would have input from the Safety Advisory Group (SAG).

Mr Semper recognised concerns but reassured that these would be dealt with in the EMP, and the plan could not be written until a licence had been granted. He made the committee aware that there would not be 9999 attendees at the event as it was the first event and festivals take time to grow year on year. There had been no objections from the relevant authority apart from the police whose concerns would be addressed by the EMP. The concerns around security and many other issues would be addressed by the SAG. He did not believe there would be an impact on the SSSI or River Axe as the festival would be over a short period of time and the site plan would be changed to prevent access to the River Axe. There would be a steady stream of people leaving on Sunday and people would not leave at 3am on Sunday morning but instead return to their tents after licensable activities ended. Issues relating to traffic, emergency vehicle access, moving equipment to site and first aid would be on the EMP. As the applicant was unable to attend the hearing, he could not give the location of the main festival field, how far the closest properties were from the premises, the planned demographic of festival goers or the applicant's experience of running other events.

Mr Bean from Dorset Police made the committee aware that the SAG meeting had not taken place yet. He believed that the event hung on the EMP and that it must be submitted as a comprehensive and fully prepared document. It was important for the SAG to consider the location of the premises. He added that it was strange that an event that was aimed to be family friendly applied to have a licence until 3am. Dorset Police's main concern was the potential for crime and disorder and the applicant needed to consider the issues relating to the consumption of alcohol until 3 am.

Cllr Sewell of Broadwindsor Parish Council addressed the committee. She gave some background information on the area which had a population of 1400 within a 2.5 square mile area and compared this to the festival's potential numbers of 5000 people in one field. The nearest property was 200 meters away. She covered the impact on the local roads would be horrendous as they were used 24/7 by farm vehicles in July and horse riders. She also raised concerns over substances from the festival entering the ground which would harm the environment. She also added concerns over waste disposal and run-off in the River Axe.

The Sub-Committee adjourned for a short period as the applicant was unable to join the meeting due to technical difficulties and to consider whether they needed to hear from the applicant, in order to reach a decision. Mr Semper believed that the Sub-Committee's questions would be answered by the EMP and that it was able to proceed. The Sub-Committee came to the conclusion that it did not need to hear from the applicant directly in order to reach a decision.

All parties were given the opportunity to have their say and sum up.
