1. Background

1.1 Section 4 of the Licensing Act 2003 sets out the duties of the Licensing Authority, it sets out that a Council's licensing functions must be carried out with a view to promoting the four licensing objectives of:

- (b) public safety;
- (c) the prevention of public nuisance; and
- (d) the protection of children from harm.

1.2 All applications and decisions are made with due regard to the [Licensing Act 2003](#) (the Act), the [Revised Guidance issued under Section 182 of the Licensing Act 2003](#) (the Guidance) and the [Dorset Council Statement of Licensing Policy](#) (the Policy).

2. Details of the application

2.1 An application has been made for a new premises licence for By the Bridge, 4a The Green, West Bay, and has been submitted to the Licensing Authority by Kelly Busby. The application and floor plan can be found at Appendix 1.

2.2 The description of the premises within the application form is:

"Wooden seaside kiosk. All customers served through hatch.
Some outside picnic benches but all sales for off-site consumption."

2.3 The application is to permit:

Supply of alcohol (off the premises)
Monday to Sunday 1000-2300 hours

2.4 The operating schedule contains the steps which the applicant will take to promote the licensing objectives. These would need to be converted into enforceable conditions on a licence if it is granted and would include:

A CCTV system will be operational at the premises at all times when licensable activities are being carried out and at any other times when members of the public are present on the premises.

The CCTV system will cover all areas of the premises occupied by the public under the terms of the licence (licensed areas), including corridors and stairways (excluding WCs and changing rooms).

The CCTV system will cover the main entrance and exit and designated emergency egress routes from the premises.

The CCTV system will cover all external areas of the premises by the public, ie queuing areas, beer gardens, smoking areas and car parks.

The location of CCTV cameras are identified on the site plan of the premises. No amendments to the locations of the cameras will be made without prior consultation with Dorset Police and the Licensing Authority.

The CCTV system will be of a resolution quality which will enable the identification of person and activities, and other fine details such as, vehicle registration number plates in any light condition.

The CCTV system will contain the correct time and date stamp information.

The CCTV system will have sufficient storage and retention capacity for a minimum of 31 days continuous footage.

A designated member/members of staff at the premises will be authorised to access the CCTV footage and the conversant with operating the CCTV system. At the request of an authorised officer of the Licensing Authority or a Responsible Authority (under the Licensing Act 2003) any CCTV footage, as requested will be downloaded immediately or secured to prevent any overwriting. The CCTV footage material will be supplied, on request to an authorised officer of the Licensing Authority or a Responsible Authority with the absolute minimum of delay.

The CCTV system will be capable of securing relevant pictures for review or export at a later date.

The CCTV system will be adequately maintained and be capable of transporting recorded material onto a removable media.

The CCTV system replay must allow an authorised officer of the Licensing Authority or Responsible Authority to search the picture footage effectively and see all the information contained in the picture footage.

It must be possible to replay exported files immediately, eg, no re-indexing of files or verification codes.

A supervisor's register will be maintained at the licensed premises, showing the names, addresses and up-to-date contact details for the DPS and all personal licence holders.

The supervisors register will state the name of the person who is in overall charge of the premises at each time that licensed activities are carried out, and this information will be retained for a period of twelve months and produced for inspection on request to an authorised officer.

The premises licence holder/DPS will ask for a proof of age from any person appearing to be under the age of 25 who attempts to purchase alcohol at the premises.

The PLH/DPS staff will ask for photographic identification in the form of either passport, EU photographic driving licence or PASS accredited identification, from any person appearing to be under the age of 25 who attempts to purchase alcohol at the premises.

A log shall be kept detailing all refused sales of alcohol. The log should include the date and time of the refused sale, a description of the person refused, why they were refused (eg, no ID, fake ID) and the name of the member of staff who refused the sale. The log shall be available for inspection at the premises by the police or an authorised officer of a Responsible Authority (Licensing Act 2003).

Members of the public will be prevented from accessing hot food and drink preparation areas to prevent risk of scald and burns.

A suitability trained first aiders or appointed person to deal with first aid issues will be provided at all times when the premises are open.

First aid equipment and materials adequate for the number of persons on the premises will be available on the premises at all times. All staff will be made aware of first aid location.

The PLH/DPS will ensure that litter arising from people using the premises is cleared away daily and that promotional materials such as flyers do not create litter.

The pavement from the building line to the kerb edge immediately outside the premises, including gutter/channel at its junction with the kerb edge, shall be swept and/or washed, and litter and sweepings collected in accordance with the business refuse storage arrangements.

No advertisements of any kind (including placard, poster, sticker, flyer, picture, letter sign or other mark) that advertises or promotes the establishment, its premises, or any of its events, facilities, goods or services shall be inscribed or affixed upon the surface of the highway, or upon any building, structure, works, street furniture, tree, or any other property, or to be distributed to the public.

- 2.5 The conditions at 2.4 have been taken from the risk assessment that the applicant supplied with the application. Some of the conditions that Ms Busby ticked on the risk assessment were not appropriate for this type of premises and have therefore, not been included. The conditions listed above have been checked with the applicant and she is in agreement with them.

3 Responsible Authorities

- 3.1 Section 13 of the Licensing Act contains the list of Responsible Authorities who must be consulted on each application. Dorset Police, Dorset and Wiltshire Fire Service, Public Health Dorset, the Immigration Authority, Dorset Council Trading Standards, Dorset Council Children's Services, Dorset Council Planning, Dorset Council Licensing, Dorset Council Environmental Protection and Dorset Council Health and Safety have all been consulted.
- 3.2 There were no representations received from any of the other Responsible Authorities.

4 Representations from other persons

- 4.1 There was one relevant representation received from a member of the public relating to the licensing objective of the Public Safety. The interested party raised concerns in relation to the busy location of the premises next to a bridge and the road. This e-mail can be found at Appendix 2.

- 4.2 An e-mail was sent by Licensing on behalf of the applicant to the interested party, however, the comments did not alleviate the persons concerns and they wished to continue with their representation. These e-mails can be found at Appendix 3.
- 4.3 The legislation provides clear focus on the promotion of the four statutory objectives which must be addressed when licensing functions are undertaken. The Licensing Act 2003 Section 182 Guidance (the Guidance) refers to the licensing objective of Public Safety at paragraphs 2.8 to 2.10 and 2.16 “Ensuring Safe Departure of those using the premises”:

2.8 “Licence holders have a responsibility to ensure the safety of those using their premises, as a part of their duties under the 2003 Act. This concerns the safety of people using the relevant premises rather than public health which is addressed in other legislation. Physical safety includes the prevention of accidents and injuries and other immediate harms that can result from alcohol consumption such as unconsciousness or alcohol poisoning. Conditions relating to public safety may also promote the crime and disorder objective as noted above. There will of course be occasions when a public safety condition could incidentally benefit a person’s health more generally, but it should not be the purpose of the condition as this would be outside the licensing authority’s powers (be ultra vires) under the 2003 Act. Conditions should not be imposed on a premises licence or club premises certificate which relate to cleanliness or hygiene.

2.9 A number of matters should be considered in relation to public safety. These may include:

- Fire safety;
- Ensuring appropriate access for emergency services such as ambulances;
- Good communication with local authorities and emergency services, for example communications networks with the police and signing up for local incident alerts (see paragraph 2.4 above);
- Ensuring the presence of trained first aiders on the premises and appropriate first aid kits;
- Ensuring the safety of people when leaving the premises (for example, through the provision of information on late-night transportation);

- Ensuring appropriate and frequent waste disposal, particularly of glass bottles;
- Ensuring appropriate limits on the maximum capacity of the premises (see paragraphs 2.12-2.13, and Chapter 10; and
- Considering the use of CCTV in and around the premises (as noted in paragraph 2.3 above, this may also assist with promoting the crime and disorder objective).

2.10 The measures that are appropriate to promote public safety will vary between premises and the matters listed above may not apply in all cases. As set out in Chapter 8 (8.38- 8.46), applicants should consider when making their application which steps it is appropriate to take to promote the public safety objective and demonstrate how they achieve that

Ensuring safe departure of those using the premises

2.16 Licence holders should make provision to ensure that premises users safely leave their premises. Measures that may assist include:

- Providing information on the premises of local taxi companies who can provide safe transportation home; and
- Ensuring adequate lighting outside the premises, particularly on paths leading to and from the premises and in car parks.

4.3 The Licensing Act 2003 Section 182 Guidance (the Guidance) sets out at 8.13 the role of “other persons”:

“As well as responsible authorities, any other person can play a role in a number of licensing processes under the 2003 Act. This includes any individual, body or business entitled to make representations to licensing authorities in relation to applications for the grant, variation, minor variation or review of premises licences and club premises certificates, regardless of their geographic proximity to the premises. In addition, these persons may themselves seek a review of a premises licence. Any representations made by these persons must be ‘relevant’, in that the representation relates to one or more of the licensing objectives. It must also not be considered by the licensing authority to be frivolous or vexatious. In the case of applications for reviews, there is an additional requirement that the grounds for the review should not be considered by the licensing authority to be repetitious. Chapter 9 of this guidance (paragraphs 9.4 to 9.10)

provides more detail on the definition of relevant, frivolous and vexatious representations.

4.4 The Guidance states at paragraph 9.4 what a “relevant” representation is;

“A representation is “relevant” if it relates to the likely effect of the grant of the licence on the promotion of at least one of the licensing objectives. For example, a representation from a local businessperson about the commercial damage caused by competition from new licensed premises would not be relevant. On the other hand, a representation by a businessperson that nuisance caused by new premises would deter customers from entering the local area, and the steps proposed by the applicant to prevent that nuisance were inadequate, would be relevant. In other words, representations should relate to the impact of licensable activities carried on from premises on the objectives.”

5. **Considerations**

- 5.1 Paragraphs 9.42 to 9.44 of the Section 182 Guidance sets how the Licensing Authority should decide what actions are appropriate.

“9.42 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.

9.43 The authority’s determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

9.44 Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination.”

LICENSING ACT 2003

PREMISES LICENCES: PRO-FORMA RISK ASSESSMENT

INTRODUCTION

The Licensing Act 2003 and the regulations made under it detail those matters that the Licensing Authority expects applicants to address as part of premises' Operating Schedules.

The proper preparation of the Operating Schedules for each premises should therefore avoid the need for Responsible Authorities and Interested Parties to request the Licensing Authority to attach additional conditions to the licence to ensure the Licensing Objectives are met.

Even in the absence of conditions being attached to the licence, the Licensing Authority would expect licensees to act upon any advice given by Authorised Persons, thereby avoiding unnecessary requests for reviews of premises licences.

Whether or not any risk assessment of a premises shows the need to include measures in the Operating Schedule, or alternatively the imposition of a condition by the Licensing Authority, depends on a range of factors including the nature and style of the venue, the activities being conducted there, the location of the premises and the anticipated clientele of the business involved. It should also be borne in mind that club premises operate under codes of discipline to ensure the good order and behaviour of members.

Appropriate conditions for the licence or certificate will also depend on local knowledge of the premises.

Under no circumstances should the following measures be regarded as standard conditions to be automatically imposed in all cases. They are designed to provide a range of conditions drawn from experience relating to differing situations and to offer guidance.

The Licensing Authority would expect Responsible Authorities to submit their reasons for their request to attach one or more of the conditions suggested. There should be an evidential base, to demonstrate that the imposition of a condition is required to ensure the required measures are taken. Ideally, applicants and licensees should be prepared to co-operate with the authorities to achieve the Licensing Objectives without the need for specific conditions. This should ensure that any condition attached is proportionate and reasonable in line with Council Policy.

If a Responsible Authority is satisfied that the only way one of the Licensing Objectives can be achieved is by way of condition then the suggested wording of the condition should be submitted as part of the representation.

Any individual preparing an Operating Schedule is at liberty to volunteer any measure, such as in the following Pro-Forma Risk Assessment, as a step he or she intends to take to promote the Licensing Objectives. Good Operating Schedules should pre-empt the need for any non-mandatory conditions to be applied. When incorporated into the licence

or certificate as a condition, they become enforceable under the law and a breach of such a condition could give rise to prosecution.

The following conditions are not exhaustive and the Licensing Authority may attach whatever other conditions it feels necessary to ensure the Licensing Objectives are met. Even so, the following Pool of Conditions should give guidance to both applicants, Responsible Authorities, and Interested Parties when considering the type of measures available to the Licensing Authority.

Guidance about this document

1. The Licensing Authority recommends that you complete this specially designed pro-forma risk assessment to help you decide what should be entered in your operating schedule of your licence application to show how you will promote the four licensing objectives.
2. Whilst the Licensing Authority cannot insist that you use this document it takes the view that it assists responsible authorities in assessing the operating schedule, promotes discussions and partnership working and will reduce the number of representations and hearings. Use of this document is especially recommended to those applying for a pub or club licence.
3. If you do not use this risk assessment pro forma then you will need to demonstrate how you will meet the licensing objectives by providing other supporting evidence via your operating schedule.
4. The Licensing Authority strongly recommends that you consult with the responsible authorities early in the application process to ensure that the measures you are suggesting are appropriate and sufficient for your application. Contact details for the responsible authorities are in the guidance note in the application pack. Please contact Business Licensing if you cannot find this information.

How to use this document

1. This document has four sections which correspond with the four licensing objectives. In each section you will find information on potential control measures (each with an individual code) which we suggest may help you meet the four licensing objectives.
2. Run through the questions at the beginning of each section and consider the potential control measures listed in the columns beneath. These Yes/No answers will not form licence conditions.
3. If you are happy to volunteer the suggested measures as part of your application place a tick in the relevant box in the right hand column. You can then enter the corresponding codes in page 14 of your application form in the boxes which match up with the licensing objectives or simply write "see pro forma risk assessment". These measures will then appear on your licence and will become enforceable conditions that you must adhere to. If you are not certain you can adhere to the condition at all relevant times, you may wish to re-word or

not agree to it being a formal licence condition.

Hello,

Please accept these comments as my objection to the possible alcohol license for By the Bridge in West Bay, Dorset.

I think the idea of adding an alcohol license to this business is rather dangerous mostly owing to location. West Bay gets incredibly busy and the location of this shack next to the bridge on that main road through is where you see a lot of accidents happen. During the summer it is a nightmare navigating tourists wandering into the road. It is a mix of people unable to use common sense and often down to pure volume of people.. that they spill into the road. I feel if alcohol was thrown into this mix it could only exacerbate the problem. I have personally witnessed incidents only increase year by year. If 'By the Bridge' was in a different location in West Bay i wouldn't see a problem. However this is probably the most problematic spot you could find.

Regards

Hello,

Thank-you for forwarding the reply. Unfortunately, it hasn't changed my feelings in regards to my original objection.

1. Yes there are bollards in the area however anyone that's been around there when busy knows they don't help at all. It's a shame as the council have tried to help the obvious issues i mentioned.
2. " As with the terms of an alcohol licence we wouldn't be serving anyone who we deemed was under the influence of alcohol" Surely this is is obligatory and not an extra?
3. Baboo do have a license as i buy from them regularly. Abit of common sense is useful here. Baboo serve affogatos and granitas using local produce, very much a premium! This stops alot of issues.By the bridge aren't that type of business.

You mentioned in your email i was the only one to make representation? Which is worrying, can you clarify? As i know of one other person at least that contacted you with an objection.

Regards

Subject: RE: Objection- By the Bridge, West Bay

Dear [REDACTED] following your objection to the premises licence application for By the Bridge, West Bay, I forwarded your comments to the applicant, and they have responded with the following:

"The council have recently invested a considerable amount of money into bollards and pedestrianisation of the area directly in front of the kiosks including by the bridge. As with the terms of an alcohol licence we wouldn't be serving anyone who we deemed was under the influence of alcohol. It's not our intention to have hoards of people drinking around the kiosk, it's simply to benefit people who fancy an alcoholic drink whilst eating their fish and chips. It's just as likely that someone is involved in an accident walking from one of the pubs back over the bridge. The kiosk next door which has no seating area and is less than one metre from us already have an alcohol licence and it was deemed fit at the time to issue theirs."

I am required under the Licensing Act to ask if the above points have, or have not, alleviated your concerns and if you are now satisfied with the application. Due to the time constraints surrounding an application I would be grateful if you could please let me know by **12 February 2024** whether or not you wish to have your representation withdrawn.

If you wish to continue with your representation, I will arrange for a Licensing Sub Committee hearing to take place, a formal invite will be sent out to you in due course. You are the only party to have made representation.

I would also like to inform you that any premises that holds a licence under the Licensing Act 2003, can be subject to a review at any time if an establishment fails to satisfy one or all of the four licensing objectives. (The prevention of crime and disorder, public safety, prevention of public nuisance and the protection of children from harm). A review would be heard at a Licensing Sub Committee where conditions or restrictions may be added to the licence to resolve outstanding issues.

Many thanks
