

Place and Resources Scrutiny Committee

Date: Thursday, 18 September 2025
Time: 6.30 pm
Venue: Council Chamber, County Hall, Dorchester, DT1 1XJ

Members (Quorum: 3)

Nocturin Lacey-Clarke (Chair), Ray Bryan (Vice-Chair), Louie O'Leary, Craig Monks, David Tooke, Sarah Williams, Alex Fuhrmann, Jack Jeanes, Barrie Cooper and Alex Brenton

Chief Executive: Catherine Howe, County Hall, Dorchester, Dorset DT1 1XJ

For more information about this agenda please contact Democratic Services Meeting Contact 01305 224450 / antony.nash@dorsetcouncil.gov.uk

Members of the public are welcome to attend this meeting, apart from any items listed in the exempt part of this agenda. If you would like to attend this meeting and have any specific requirements please contact the Democratic Services Officer named above.

For easy access to all the council's committee agendas and minutes download the free public app called Modern.Gov for use on any iPad, Android, and Windows tablet. Once downloaded select Dorset Council.

Agenda

Item	Pages
1. APOLOGIES	
To receive any apologies for absence.	
2. MINUTES	5 - 8
To confirm the minutes of the meeting held on 24 July 2025	
3. DECLARATIONS OF INTEREST	
To disclose any pecuniary, other registrable or non-registrable interests as set out in the adopted Code of Conduct. In making their disclosure councillors are asked to state the agenda item, the nature of the interest and any action they propose to take as part of their declaration.	

If required, further advice should be sought from the Monitoring Officer in advance of the meeting.

4. PUBLIC PARTICIPATION

Representatives of town or parish councils and members of the public who live, work, or represent an organisation within the Dorset Council area are welcome to submit either 1 question or 1 statement for each meeting. You are welcome to attend the meeting in person or via MS Teams to read out your question and to receive the response. If you submit a statement for the committee this will be circulated to all members of the committee in advance of the meeting as a supplement to the agenda and appended to the minutes for the formal record but will not be read out at the meeting. **The first 8 questions and the first 8 statements received from members of the public or organisations for each meeting will be accepted on a first come first served basis in accordance with the deadline set out below.** Further information read [Public Participation - Dorset Council](#)

All submissions must be emailed in full to antony.nash@dorsetcouncil.gov.uk by 8.30am on 13 September 2025

When submitting your question or statement please note that:

- You can submit 1 question or 1 statement.
- a question may include a short pre-amble to set the context.
- It must be a single question and any sub-divided questions will not be permitted.
- Each question will consist of no more than 450 words, and you will be given up to 3 minutes to present your question.
- when submitting a question please indicate who the question is for (e.g., the name of the committee or Portfolio Holder)
- Include your name, address, and contact details. Only your name will be published but we may need your other details to contact you about your question or statement in advance of the meeting.
- questions and statements received in line with the council's rules for public participation will be published as a supplement to the agenda.
- all questions, statements and responses will be published in full within the minutes of the meeting.

5. QUESTIONS FROM COUNCILLORS

To receive questions submitted by councillors.

Councillors can submit up to two valid questions at each meeting and sub divided questions count towards this total. Questions and statements received will be published as a supplement to the agenda and all questions, statements and responses will be published in full within the minutes of the meeting.

The submissions must be emailed in full to antony.nash@dorsetcouncil.gov.uk by 8.30am on 13 September 2025

[Dorset Council Constitution](#) – Procedure Rule 13

6. EMPTY PROPERTIES UPDATE 9 - 234

To receive the report from the Head of Service for Assets & Property

7. ELECTRIC VEHICLE CHARGING PERFORMANCE 235 - 254

To receive the report from the Transport Planning Projects Team Manager.

8. PLACE AND RESOURCES SCRUTINY COMMITTEE WORK PROGRAMME 255 - 258

To review the Place and Resources Scrutiny Committee Work Programme.

9. EXECUTIVE ARRANGEMENTS FORWARD PLANS 259 - 288

To review the Executive arrangement forward plans.

Forward Plans are provided to members of the Place and Resources Scrutiny Committee to review and identify any potential post decision scrutiny to be undertaken, by scheduling items into the work programme to review after a period of implementation.

10. URGENT ITEMS

To consider any items of business which the Chair has had prior notification and considers to be urgent pursuant to section 100B (4) b) of the Local Government Act 1972. The reason for the urgency shall be recorded in the minutes.

11. EXEMPT BUSINESS

To consider passing the following recommendation:

Recommendation

That in accordance with Section 100A(4) of the Local Government Act 1972 to exclude the public from the meeting for the business specified in item(s) No X because it is likely that if members of the public were present there would be disclosure to them of exempt information as defined in paragraph(s) x of Part 1 of schedule 12A to the Act and the public interest in withholding the information outweighs the public interest in disclosing the information to the public.

The public and the press will be asked to leave the meeting whilst the item of business is considered. (Any live streaming will end at this

junction).

Reason for taking the item in private

Paragraph 3 - Information relating to the financial or business affairs of any particular person (including the authority holding that information).

Paragraph 5 - Information in respect of which a claim to legal professional privilege could be maintained in legal proceedings.

PLACE AND RESOURCES SCRUTINY COMMITTEE

MINUTES OF MEETING HELD ON THURSDAY 24 JULY 2025

Present: Cllrs Nocturin Lacey-Clarke (Chair), Craig Monks, Rory Major, David Tooke, Jack Jeanes and Barrie Cooper

Present remotely: Cllrs Sarah Williams

Apologies: Cllrs Ray Bryan, Louie O'Leary and Alex Fuhrmann

Also present: Cllr Nick Ireland, Cllr Belinda Bawden, Cllr Neil Eysenck, Cllr Simon Clifford and Cllr Shane Bartlett

Also present remotely:

Officers present (for all or part of the meeting):

Jan Britton (Executive Director - Place), Jonathan Mair (Director of Legal and Democratic and Monitoring Officer), Sean Cremer (Corporate Director for Finance and Commercial), Richard Freed (Service Manager for Commercial and Procurement), Antony Littlechild (Sustainability Team Manager), Connor Pearson (Carbon Management Officer) and Louis Wicks (Democratic Services Officer Apprentice)

Officers present remotely (for all or part of the meeting):

11. Minutes

The minutes of the meeting 26 June 2025 were approved and the meeting actions reviewed

12. Declarations of interest

Cllrs Simon Clifford, Nick Ireland and Shane Bartlett declared an interest in relation to the Shareholder Committee of Dorset Innovation park, and clarification of the role was provided by the Monitoring Officer.

13. Public Participation

There was no public participation.

14. Questions from Councillors

15. An overview of the how budgets are set

The committee recognised and thanked the Corporate Director Finance & Commercial for the provision of this report ahead of the introduction and scene setting provided before the councillor questions.

The discussion that followed covered off several areas such as;

- The approach taken by the finance team in terms of challenge to budget holders around their forecasts
- The business partner model taken by the finance team.
- The role of rebasing and the approaches taken to address any areas of consistent overspend
- The framework pricing approach
- Financial controls applied to hold actual spend close to budgeted spend.
- Large budget gaps and subsequent adaptations that are undertaken to mitigate those either at service, directorate or organisational level ahead of being rebalanced in the next year's budget.
- The role of controls-based testing.
- The role and importance of professional judgement.
- The inherent complexity of budget setting
- The positive approach to scenario planning and early engagement at multiple levels to drive savings targets.

Recommendations

A policy or approach to considering rebasing a budget area following consistent and significant discrepancy between forecast and actual spend.

A policy or approach to unprecedented or exceptional budget changes and approach to how that can be managed/mitigated including the political implications of those changes/ decisions

Actions

The Corporate Director Finance & Commercial to bring back the date of the last SWAP audit of budget controls

16. An overview of the approach to procurement

The Committee recognised the complexity and detail in the report and the report was presented by the Corporate Director Finance & Commercial who outlined the legislation and high-level practices of procurement

The discussion that followed covered areas such as:

- How suppliers were chosen and selected
- The approval process and the triple check (cost, invoice, receipt)
- Existing suppliers and the monitoring of their performance
- The weighting between quality, price and social value and how that was adjusted in practice
- The definitions of quality and their weighting

- The importance of the alignment of procurement processes with the council's strategic direction
- The officer process of purchasing items

Recommendation

That an approach of supplier performance to be considered and weighted as part of the procurement process.

That there is an urgent consideration given to the strategic document around the weighting of procurement practices to reflect the direction of the council

That consideration be given to the threshold ranges in the Contract procedure rules and the minimum requirements.

Actions

Corporate Director Finance & Commercial to feedback on the legal considerations of current supplier performance if that could be done.

Vote to extend was proposed by Cllr Craig Monks and seconded by Cllr Jack Jeanes.

17. Natural Environment, Climate and Ecology: Progress Report - Summer 2025

The Sustainability Team Manager and Carbon Management Officer presented the report overviewing the qualitative report showcasing the large programme initiatives and their progress.

The subsequent discussion pulled out several key areas including;

- The use of glyphosate and the balance between cost and requirement to manage weeds
- The councils role as a lead in the environmental and ecology practices to encourage practice changes in other sectors.
- The impact of the nature emergency and the role of the Nature Recovery Strategy
- Water ways and water quality
- The councils responsibilities, influence and policies that can be used

Recommendation

That waterways and water quality are given prevalence within the nature recovery strategy

A water quality task and finish group to be created to address the controllable factors and scope out areas

Action

The Sustainability Team Manager to update around the 30% nature recovery target

18. **Place and Resources Scrutiny Committee Work Programme**

The Committee reviewed the work programme.

19. **Executive Arrangements Forward Plans**

The committee reviewed the forward plans.

20. **Urgent items**

There were no urgent items.

21. **Exempt Business**

There was no exempt business.

Duration of meeting: 6.30 - 10.33 pm

Chairman

Place & Resources Scrutiny

18 September 2025

Empty Properties Update

For Review and Consultation

Cabinet Member and Portfolio:

Cllr R Biggs, Property & Assets and Economic Growth

Local Councillor(s):

All

Executive Director:

J Britton, Executive Director for Place Services

Report Author: Jessica Maskrey

Job Title: Head of Assets & Property

Tel: 01305 224332

Email: jessica.maskrey@dorsetcouncil.gov.uk

Report Status: Public [Choose an item.](#)

Brief Summary:

This report provides a position statement on empty/unused properties. It outlines data in relation to current empty properties, describes the procedures for operational management of empty properties, as well as the strategic processes in place to review empty properties and determine best future use for the council.

Recommendation:

Place & Resources Scrutiny Committee consider the report and comment and make recommendations as appropriate.

Reason for Recommendation:

Members have requested the opportunity to scrutinise the data on and the processes relating to empty properties. The report advises of the current data and the systems in place. Comments and recommendations are welcome.

1. Dorset Council Assets

- 1.1. Dorset Council asset register contains 6360 records of which 5,087 are active – meaning that 1273 records refer to sites sold, transferred or given up since the record commenced prior to local government reorganisation. 828 of these assets include buildings. 249 are residential housing properties.

- 1.2. A significant number (3484) of these assets are highways agreements or improvements assets. These include acquisitions made for highways improvements and highway related agreements such as section 278 and section 38 of the Highways Act 1980.
- 1.3. A full list of all Dorset Council assets is included at appendix 1 (addresses of housing properties are redacted for data protection reasons). Information about Dorset Council assets is also publicly available on [DorsetExplorer](#).
- 1.4. A dashboard showing all Dorset Council owned properties and highlighting empty property data is available for members of Place & Resources Scrutiny Committee (a link will be emailed directly to each committee member by 12/09/25). The dashboard contains numerous visuals, such as the one below showing numbers of non-Highways sites.

Assets by type

- 1.5. Property management data and records are held on the council's corporate property database (Civica Property Management – CPM). Housing management records are held on HUUME (housing management software). Whilst the two are separate systems, work has been undertaken by Assets & Property and Housing colleagues to verify the data in both systems.

2. Empty / unused Dorset Council Properties

- 2.1. The number of vacant properties changes frequently from day to day and workflows mean that on some days a significant number of properties leave or join the vacancy list. Additionally, assets can be and are defined in a variety of different ways for different purposes.
- 2.2. As at 10/09/25 115 Dorset council properties are vacant/empty.
- 2.3. Of the above, at 10/09/25 69 are non-housing sites. This represents a vacancy rate of less than 2%. Housing voids are managed slightly differently to other assets and further details are provided in section 2.6.

2.4. These 69 are further spilt into two categories: vacant sites and lettable units (lettable units being units leased out for income).

2.5. Non-housing properties

2.5.1. Vacant sites and lettable units are vacant for a number of reasons:

- 27 vacant lettable units of which 22 are in the process of being re-let.
- 24 empty properties which are currently under review to consider future use.
- 14 empty properties held for repurposing (e.g. for reablement / extra care / regeneration opportunities).
- 8 empty properties on the disposals / transfers list (with disposals in progress).

2.5.2. The length of time for a non-housing property is empty varies. The median period is 37 months. This is broken down as follows:

	Median period of vacancy
Vacant lettable unit	25 months
Property held for asset review	35 months
Property held for repurposing	56 months
Property held for disposal	13 months

Vacant and lettable units by length of time vacant

Reason Summary	Median of MonthsVacant	Count of Code
⊕ Under Review	35	24
⊕ Being marketed	36	15
⊕ Held for repurposing	56	14
⊕ Disposal	13	8
⊕ Being re-let	25	7
Total	37	68

2.5.3. Further detail concerning the approach to reviewing empty properties is included in section 4.

2.6. Housing Residential Properties

2.6.1. Housing Services colleagues manage 249 DC housing properties.

2.7. As at 10/09/25, 46 DC housing properties are vacant.

2.8. In 2024 Assets & Property and Housing colleagues worked to put in place a new housing voids management process to expediate the turnaround of housing voids following concerns expressed by Members as to the time taken for dealing with housing voids. As a result of this Assets & Property and Housing colleagues worked together to design a new process to expedite the turnaround of voids and particularly the necessary repairs. The process has resulted in improvements to turnaround times.

2.9. Voids are categorised as minor, major or exceptional, depending on the level of repairs required. Turnaround targets (Number of working days) and actual turnaround times for Q1 2025/26 shown are set as below:

	Minor		Major		Exceptional
	Target	Q1 actual	Target	Q1 actual	Target

Key to key (from the point of becoming vacant to a new tenant moving in)	30	44.87	45	73.22	None set – these are properties which require extensive works or complexities, targets are set on a case-by-case basis and monitored as such.
Repairs element	20	21.92	35	33.44	N/a

3. Processes which keep non-housing properties empty

3.1. There are a number reasons for holding empty non-housing properties:

- a lack of capacity within the Strategic Asset Management function has resulted in some delays to asset reviews, however this is being addressed through an improvement plan and associated restructure of Assets & Property. Asset Strategy Business Partner posts are currently being recruited to. These posts will lead the process of undertaking asset reviews (see section 3 below).
- some empty properties have been allocated by the Council for repurposing purposes (e.g. for reablement / extra care / regeneration opportunities) and are held empty whilst plans and work progress to develop the site(s).
- a number of the properties held for disposal are particularly complex property transactions, which can take time to resolve. A dedicated Asset Transfers & Disposals team is now in place, with a focus on driving the council's transfers and disposals programmes.

3.2 An empty properties procedure is in place for non-housing properties, setting out the actions taken to close-down, manage and re-open (if required) an empty property. The procedure is flexed depending on the future use of the empty property, and includes steps taken for the temporary close-down of a property to ensure safe and secure holding of an empty property ahead of repurposing, as well as close-down actions required when an empty property is held for development / disposal / demolition.

3.3 All empty properties are subject to a risk assessment which considers building safety, building compliance and building security. Where the risk assessment identifies a requirement, empty properties are

inspected with full external patrol on a weekly basis. Weekly internal patrols of selected sites are also undertaken. Detailed weekly reports are reviewed by the Facilities Management service, and action taken where required.

4. Reviewing Empty Properties

4.1. The [Strategic Asset Management Plan 2024-2030](#) (SAMP), approved by Cabinet on 15 October 2024 ([Decision - Dorset Council - Strategic Asset Management Plan 2024 - 2030 - Dorset Council](#)) sets out the council's asset review process.

4.2. This process ensures that all council asset classes are reviewed regularly (once every three years) as part of a rolling programme of reviews. The review process identifies options for future use of assets assessing the potential to retain, repurpose, develop or dispose (including asset transfers where appropriate), in line with the council's priorities and the SAMP guiding principles.

4.3. Alongside the main asset review process, the SAMP also details a 'rapid asset review' process, which ensures any asset that becomes vacant in between asset class reviews is reviewed at that point in time, with options considered for retention, repurposing, development or disposal.

4.4. The asset review set out in the SAMP is designed to reduce the number of empty and underutilised properties being held by the council, and the period of time for which they are empty/underutilised.

5. Financial Implications

5.1. Assets & Property hold a budget for the management of vacant / empty properties. This covers holding costs, security, rates and so on. The cost of holding empty properties in 2024/25 was £467,100. This includes costs met through Assets & Property budget, and costs met through service budgets where sites have been allocated for repurposing.

Whilst the asset review process will reduce the period of time properties are held empty, it will also increase the number of properties on the disposal pipeline and therefore being held for disposal (albeit for shorter periods of time). As such it is envisaged savings against this budget will not be possible.

6. Natural Environment, Climate & Ecology Implications

Quantitative Impact on CEE targets (if known)		
	Unit	Number of units (+/-)
2030 - Natural asset extent & condition	Ha	Unknown
2040 - Operational Emissions	CO ₂ (tonnes)	Unknown
2050 - County Emissions	CO ₂ (tonnes)	Unknown

Energy	No known impact
Buildings & Assets	No known impact
Transport	No known impact
Green Economy	No known impact
Food & Drink	No known impact
Waste	No known impact
Natural Assets & Ecology	No known impact
Water	No known impact
Resilience and Adaptation	No known impact
Corporate Plan Priorities	Impact
High quality & affordable housing	Minor positive impact
Grow our economy	No known impact

Communities for all	Minor positive impact
Climate and nature crisis	No known impact

7. Well-being and Health Implications

Place and Resources Scrutiny Committee

Electric Vehicle Charging Performance For Review and Consultation

Cabinet Member: Cllr. Jon Andrews

Local Councillor(s): n/a

Executive Director: Jan Britton

Report author and job title: Christopher Whitehouse, Transport Planning Projects Team Manager

Email: christopher.whitehouse@dorsetcouncil.gov.uk

Statutory Authority: Dorset Council

Report status: Part exempt

1. Executive summary (maximum of 500 words)

- 1.1 This report provides a comprehensive review of Dorset Council's electric vehicle (EV) charging infrastructure programme, assessing its performance, financial implications, and alignment with strategic goals. Since the initial installation of five rapid chargers in 2015, the Council has significantly expanded its network, now supporting 379 public charging devices, 104 of which are Council-sponsored. This places Dorset in the top quintile nationally for total charger numbers, though below average when adjusted for population.
- 1.2 Please refer to Dorset Explorer for a map of EV chargers that have been delivered as part of the programme. Within Dorset Explorer, go to 'Highways' – 'Roadside Assets' – 'EV Charger'. Please note that a small number of chargers that we have facilitated on private land will not show on this map.
- 1.3 The expansion has been driven by a combination of public and private investment, notably through partnerships with Mer and Joju Solar, and supported by national funding schemes including LEVI and ORCS. The infrastructure serves both "destination" and "residential" charging needs, particularly benefiting households without off-street parking.
- 1.4 Key performance indicators show a steady increase in charger usage, reflecting both improved availability and rising EV ownership, which now

accounts for approximately 5% of vehicles. Financial analysis indicates that EV chargers have not negatively impacted parking income. In fact, income has generally increased across sites with chargers, and no significant difference was found compared to control sites. Penalty Charge Notices for misuse of EV bays have also generated modest revenue.

- 1.5 The programme has delivered over 200 sockets across multiple phases, with a total capital investment exceeding £19 million. However, delivery has faced challenges including grid capacity limitations, legal and planning barriers, and site viability—particularly in rural areas. Despite these, the Council has maintained momentum, with ongoing work to install town centre hubs and expand on-street charging.
- 1.6 Environmental and public health benefits are clear. The infrastructure supports the Council's climate strategy by reducing transport-related CO₂ emissions and airborne particulates. It also contributes to economic development by attracting EV users and enhancing the appeal of public spaces.
- 1.7 Looking ahead, Dorset Council is well-positioned to meet future demand, with assets transferring to local ownership post-2035 and significant projected annual revenues by 2040. Continued investment, community engagement, and strategic planning will be essential to ensure equitable access and long-term sustainability.

2. **Recommendation(s)**

- 2.1 To note the performance data outlined in the report that addresses these key lines of enquiry:
 - a. Usage per site- how often it is used, Income generated, power drawn
 - b. The effect on parking income per site
 - c. Funding sources
 - d. Roll out time and delivery progress in comparison to original targets
 - e. Key Performance Indicators and trend analysis and of usage

3. **Reason for the recommendation(s)**

- 3.1 To enable the Place Scrutiny Committee to assess the effectiveness, financial impact, and strategic progress of Dorset Council's electric vehicle charging infrastructure programme, and to inform future decision-making and investment priorities.

4. **Report on EV Charging Infrastructure Performance**

Background

- 4.1 Dorset Council installed 5 rapid chargers using DfT funding in 2015. By 2020 it became apparent that these chargers were insufficient to meet the growing demand for EV charging from residents, businesses, and visitors prompting a decision to use the Central and Southern Electric Vehicle Charging Infrastructure framework to make a direct award to Joju Solar working with their business partner Mer to install EV infrastructure across multiple sites. Public car parks were identified as the most suitable location for EV charging infrastructure serving the dual purpose of offering “destination charging” (charging near facilities such as shops and town centres) and “residential charging” (charging for households lacking off-street parking).
- 4.2 According to predictions made by the Office for Zero Emission Vehicles by 2030 at current rates of growth around a third of cars and light vans will be electric. By 2040, nearly all cars and vans are expected to be electric. As it stands in 2025 EVs make up about 4-5% of small vehicles on the road. It has to be acknowledged that new technologies such as hydrogen fuel cell could also factor in the make-up of future car types.
- 4.3 Since 2021 using funding from various sources but with the largest share (75%) coming from the chargepoint operator Mer, Dorset’s EV charging infrastructure has expanded steadily.
- 4.4 In 2023 Dorset Council was awarded £1.02m Local Electric Vehicle Charging Infrastructure pilot capital funding to install electric vehicle charging infrastructure in rural locations and settlements which currently have limited or no access to local charging.
- 4.5 A further award of £2.49m was made by OZEV in 2024 to support the installation of residential on-street charging infrastructure. This programme supported by private sector funding commences in 2026 and is likely to continue until beyond 2030. The principal aim is to provide EV charging for households without access to off-street parking.

5. EV Charging Infrastructure

- 5.1 According to the latest Office for National Statistics figures the Dorset Council area has 379 public charging devices. Of these 104 are Dorset Council sponsored. Dorset Council ranks in the top quintile for total charger numbers but falls into the lower quintile for chargers per 100,000 residents.
- 5.2 **Usage per site: frequency of use, Income Generated and Electricity Supplied**

See appendix 1 for frequency of use and electricity supplied per site and chargepoint income. Dorset Council currently receive £0.0153 per kW dispensed. The authority has received £31,727 in EV charger income since 2021 to end of April 2025. This figure includes a charging bay fee of £691 (2025) per charging bay currently levied at three sites.

Effect on Parking Income per Site

- 5.3 In Dorset Council public car parks where a parking fee is applied drivers are required to pay for parking during charging.
- 5.4 Parking income could be affected in three ways with the introduction of EV chargers in a car park:
 - ◆ Loss of bays due to charging bays being made wider. Charging bays are made wider to be accessible to all users as per PAS1899 guidelines. Meeting PAS1899 guidelines is considered industry best practice and compliance is a condition of funding for some sites.
 - ◆ Impact on income due to bay underutilisation because of bays designated exclusively for EV charging
 - ◆ Impact on income where the bay is out of use whilst installation works are completed
- 5.5 Parking income at any given time will only be impacted when a car park is at maximum capacity, the charging bays are not in use, and the motorist opts to seek out free parking elsewhere or drives on. If they choose to park in an alternative Dorset Council car park there would be no loss of income.
- 5.6 Car park occupancy data for car parks where EV chargers are situated is available for Woolaston Fields, Top O'Town, and Trinity Street car parks in Dorchester. The data provides occupancy rates every 15 minutes. Data in the table below covers a seven-month period (Jan-July 2025) It shows the number of occasions the car parks were more than 90%, 95% and 100% full. What the data cannot show is how many EV charging bays are being used at any given point in time. Using this method, we can deduce that for these car parks, the impact on parking income due to underutilised charging bays is negligible. Data is not available for any other car parks but if this level of occupancy is mirrored across all car parks, then it is easy to see how unoccupied EV charging bays will have no discernible impact on parking revenue.

					Number of hours in a 7 month period (Jan-July 2025) when car park occupancy was:			
Car Park	Town	Total No. Bays	No. EV Bays	EV Bays as % total Bays	>90%	>95 %	100 %	Percentage of parking time in the period occupation >90%
Wollaston Fields	Dorchester	154	6	3.9%	4.25	2.25	0	0.084%
Top O' Town	Dorchester	216	2	0.9%	14.25	4.5	0.25	0.283%
Trinity Street	Dorchester	120	2	1.7%	7.5	3.25	1	0.149%

Table 1: Car park occupancy

- 5.7 2025 has seen work start on three charging hubs at Rope Walks car park, Bridport, Langton Road car park, Blandford Forum, and Lodmoor car park, Weymouth. All sites have encountered technical and legal issues which has meant the work has continued for longer than expected with bays being closed off for over 6 months.
- 5.8 Langton Road car park, Blandford Forum, makes a good test case. In this car park 10 spaces have been unavailable for parking since January 2025 due to unforeseen technical and legal issues. With 10 fewer bays one might expect parking revenue and car park usage to fall compared to a similar period the previous year. Langton Road car park showed a 13% increase in income despite a 3% reduction in transactions between January-July 2025 compared to the same period the year before. It is inconclusive that the reduction in the number of parking bays has a tangible impact on income.
- 5.9 Parking data is unavailable at parking bay level. Parking Services record the number of transactions (parking episodes) and income by month. Parking income has increased over time as have the overall number of transactions. Where the data was available we compared the number of parking transactions and the level of parking income car parks where EV chargers have been installed to see if there was a difference in levels prior to the devices being installed. In every case car park income increased. The number of car parking payment transactions increased in some car parks and decreased in others over the same period. The data showed no significant difference compared to control sites of car parks where there is no EV charger installed. Parking services report that the number of parking transactions and income can be affected by a range of factors from economic and social factors to seasonal trends in visitor numbers, or from roadworks to weather.

- 5.10 The Transport Planning Team have carried out an extensive online search to see whether there is any empirical research on the impact of EV charging on public car park income but were unable to find anything.
- 5.11 From the data available there is no evidence that car park income is impacted by the installation of EV infrastructure.
- 5.12 Since 2022 Parking Services have issued 154 Penalty Charge Notices for contravention code 71 'Parked in an electric vehicle bay not charging'.

	2021-22	2022-23	2023-24	2024-25	Total
Penalty Charge Notices Issued	0	15	49	90	154
Penalty Charge Notices Paid (value)	£ -	£ 385	£2,415	£4,235	£ 7,035

Funding Sources: Capital Funding

- 5.13 EV infrastructure has been installed in phases. The following table shows the capital funding applied to each phase.

Installation Phase	Approx. Year	Deliverables	Funding Source	Amount (£m)
1	2021-22	52 Sockets, 26 Sites, 6 Rapids, 23 Fast	Private Sector (Mer)	0.50
2	2022-24	64 Sockets, 33 Sites, 2 Rapids, 4 Ultra-rapid,	On-street Residential Charging Scheme (ORCS)	0.20
			Private Sector (Mer)	1.00
3	2023-present	An ongoing programme of work that will deliver up to 150 EV chargepoints when complete	Private Sector (Mer)	1.60
			ORCS	0.10
			Local Electric Vehicle Infrastructure (LEVI) pilot funding	1.02

Installation Phase	Approx. Year	Deliverables	Funding Source	Amount (£m)
			Communi- ty Infrastru- cture Levy (CIL)	0.06
			Section 106	0.05
			Dorset Council Capital (assigne- d, not drawn down yet)	0.60
4	2023- present	An ongoing programme of work to deliver chargepoints in town centre locations in line with growing demand. 12 units delivered to date with 3 charging hubs (total 10 units) to be commissioned by autumn 2025	Private Sector (Mer)	4
5	2025- 2030	1125 on-street fast (7kW) dual headed on-street chargers	LEVI	2.49
			Private Sector (CPO)	8.5
Total Capital Funding All Years/Phases				19.62

Funding Sources: Capability (Revenue) Funding

5.14 Implementation of the above £19.62m programme has seen the delivery team grow from 0.2 FTE in 2021 to its current size of 3.2 FTE in 2025. Since 2023 the delivery team has been funded by Department for Transport LEVI capability funding. Moving forward, the concessionaire for the latest round of LEVI funding will contribute £50,000 revenue funding towards contract management.

Year	Resource (Full-time Equivalent)	Funding (£)	Funding Source
2020-21	0.2	8,000	Transport Planning Team Budget (Internal)
2021-22	0.5	20,000	Transport Planning Team Budget (Internal)
2022-23	0.5	20,000	LEVI Capability Funding (External)
2023-24	2.8	88,362	LEVI Capability Funding (External)
2024-25	2.8	139,699	LEVI Capability Funding (External)
2025-26	3.2	151,895	LEVI Capability Funding (External)

2026-27	3.2	188,091*	LEVI Capability Funding (External)
	Total	616,048	

*funding received includes an unused element to be carried forward to the next year

Roll Out Time and Delivery Targets

- 5.15 Installation of EV charging infrastructure is a relatively new phenomenon therefore working practices, culture and acceptance are still developing. Installations may stall mid-project, sometimes for prolonged periods when hit by unforeseen issues e.g. it is not unusual for the distribution network operator to discover that a point of connection is not where expected or requires upgrading potentially resulting in project delays or abandonment whilst the issue is addressed.
- 5.16 Phase 1 of the programme consisted of relatively straightforward sites that could be delivered swiftly. As each phase has progressed, the delivery has become increasingly complicated. Phase 3 is the programme to deliver up to 150 chargepoints in villages and other settlements. To date this programme has delivered 17 chargepoints (34 sockets). The programme got off to a slow start whilst resourcing and legal issues were resolved but is now gaining momentum. The identification of suitable viable sites remains challenging.
- 5.17 During the last 4 years of the programme the delivery team has faced these key challenges:
- 5.18 Grid Capacity and Power Provision
- Challenge: Many sites have insufficient electrical capacity, requiring costly grid reinforcement.
 - Impact: Delays and increased costs make it harder to meet rollout targets, especially for rapid or ultra-rapid chargers
- 5.19 Funding Constraints
- Challenge: Local authorities often lack both capital and revenue funding to plan, install, and maintain EV infrastructure.
 - Impact: Without dedicated staff or operational budgets, councils face difficulties delivering scalable, high-quality networks
- 5.20 Site Selection and Land Ownership
- Challenge: Identifying suitable sites involves complex negotiations with landowners, businesses, and communities.
 - Impact: This slows down deployment and can lead to suboptimal locations that reduce usage and impact
- 5.21 Planning and Legal Barriers

- Challenge: Planning regulations may not mandate EV infrastructure in new developments, and legal frameworks for public land use can be restrictive.
- Impact: Lack of enforceable planning requirements hinders proactive infrastructure growth

5.22 Rural Accessibility

- Challenge: Rural areas often lack commercial viability for private operators, and installation logistics are more complex.
- Impact: Councils like Dorset must subsidize or directly manage rural installations, which strains resources and slows progress

5.23 Data and Coordination Gaps

- Challenge: Absence of live, open data on charger locations, usage, and status limits strategic planning.
- Impact: Poor data makes it hard to prioritize areas, measure progress, or coordinate with private providers

5.24 Community Engagement and Acceptance

- Challenge: Residents may resist installations due to perceived loss of parking, visual impact, or lack of understanding.
- Impact: Without strong engagement, projects may encounter delays or resistance, especially in heritage or conservation areas

5.25 All the above make delivery targets hard to apply

KPI's and trend analysis of usage

- 5.26 The number of EV sockets installed is a Dorset Council corporate performance indicator. To date we have aimed to install 30 sockets per year. The table below shows that this has largely been achieved except in 2022 when post COVID the programme was hit with EV device supply chain issues:

Year	Number of Units Installed	Number of Sockets/Bays
2021	20	40
2022	6	12
2023	44	86
2024	19	38
2025	15	30
Qtr1	7	14
Qtr2	8	16
Grand Total	104	206

Chargepoint Usage:

- 5.27 The above graph shows that overall charge point usage is increasing. This growth is attributable to both the increased availability of EV chargers but also the steady growth in electric vehicles from less than 1% of cars and vans on the road in 2022 to near to 5% in 2025. On average fast (7-22kW) chargers are used for 2:48 hours per day whilst rapid/ultra-rapids (50+ kW) are used an average of 39 minutes per day. The faster the charger the shorter the “dwell time”. Around 75% of charging episodes take place during daytime

- 5.28 EV Chargepoint Usage: All charger types since March 2021. The above graph shows how usage across all chargers is increasing steadily with regular peaks during the summer months due to the number of visitors to Dorset.

Tracking Real Time Performance

- 5.29 The EV Infrastructure Team have access to the CPO's back-office system which enables them to track charger usage in real time. It is in everyone's interest to ensure uptime is maximised. The below charts are a snapshot of the type of information available. The delivery team meet the installers on a weekly basis to agree progress and address programme issues.

Key performance indicators that will be used for the forthcoming on-street programme can be found in appendix 3.

6. **Alternative options considered**
Not Applicable to this report

7. **Legal considerations**

None relevant to these key lines of enquiry

8. **Financial implications**

- 8.1 There is no evidence to suggest that EV chargepoints located in Dorset Council car parks have either a negative or positive impact on car park income.
- 8.2 The provision of electric vehicle charging infrastructure will bring in over £19m investment capital into Dorset by 2030. When the current order terms end from 2035 onwards the charging assets transfer to the local authority. If current Department for Transport projections are correct, EVs are predicted to be almost 100% of light vehicles on the road by 2040. A conservative estimate of the annual revenue turnover, of what will be by then Dorset Council owned Electric Vehicle Charging Infrastructure, will be between £35-50m per year at today's prices.
- 8.3 By 2040 it is not unreasonable to assume that a charging bay served by one of the 150kWh ultra-rapids and in use for just 10 hours in a 24-hour period, 365 days per year will generate an annual turnover of around £25,000 at today's prices. This compares to the average parking revenue per bay of just under £800.
- 8.4 A detailed online search using AI concluded that there is no documented evidence that EV chargepoints in public car parks reduce parking revenue. Instead, there are several studies that suggest EV chargers may:
 - Increase customer dwell time and spending
 - Attract higher-income EV users to a locality
 - Enhance the reputation and utility of public spaces
 - Support broader environmental and economic goals
 - Support the local economy by attracting EV-driving tourists

9. **Natural environment, climate & ecology implications**

9.1 The natural environment, climate and ecological decision tool wheel suggests that this project will have a notable reduction in CO₂e emissions particularly in the transport sector. See appendix 1 for accessible table showing the impacts.

9.2 The transport sector is responsible for around a third of all CO₂e emissions. Enabling the switch to electric vehicles is key to reducing these emissions. The Council's Charging Ahead programme and the electric vehicle charging infrastructure it supports is vital for households without access to off-street parking to switch to ultra-low emission electric vehicles, and supports all residents, visitors and businesses now and in the future who will be dependent on electric vehicles.

10. Well-being and health implications

10.1 This project supports the use of ultra-low emission vehicles which lower airborne particulate levels.

11. Other implications

11.1 None

12. Risk implications

12.1 HAVING CONSIDERED: the risks associated with this report; the level of risk has been identified as:

Current Risk: Low

Residual Risk: Low

13. Equalities

- 13.1 An EqlA for the installation of public electric vehicle charging infrastructure can be found at [Installation of Electric vehicle charge points \(EVCPs\) EqlA - Dorset Council](#)

14. Appendices

- 14.1 Appendix 1 – Excel Spreadsheet of Usage and other Data
- 14.2 Appendix 2 – Accessible Table showing carbon impacts
- 14.3 Appendix 3 – LEVI Key Performance Indicators

15. Background papers

- 15.1 None

Report sign-off

This report has been through the internal report clearance process and has been signed off by the Director for Legal and Democratic (Monitoring Officer), the Executive Director for Corporate Development (Section 151 Officer) and the appropriate Portfolio Holder(s)

Appendix 2

ACCESSIBLE TABLE SHOWING IMPACTS

Natural Environment, Climate & Ecology Strategy Commitments	Impact
Energy	major positive impact
Buildings & Assets	No known impact
Transport	major positive impact
Green Economy	major positive impact
Food & Drink	No known impact
Waste	No known impact

Key Performance Indicators

The following KPIs are provided to indicate the levels of acceptable service that the Concessionaire will be required to provide. The KPIs will be discussed and the numbers which will set the level and measure for the KPI will be ratified with the Concessionaire at the first Authorities Contract Implementation Plan meeting.

KPI	Theme	Level/Measure	Indicator	Alignment to PEVIS action plan	Alignment to DC Draft EV Strategy
1	Project delivery and operation	Number of charge point's anticipated to be installed over the scheduled delivery program shall be (TBC)	Actual number of Charge Point's anticipated to be installed over the scheduled delivery program (TBC)	EV2.4,3.4,4.4	EV1, EV2,
2	Project delivery and operation	Number of sockets installed and operational at the end of each month during the delivery program.	Quantity of sockets installed and operational.	EV2.5, 3.5	EV1, EV2,
3	Project delivery and operation	Number of ChargePoint's installed and operational (by EVCI type) at the end of each month during the delivery program.	Quantity of charge points installed and operational.	EV2.5, 3.5	EV1, EV2,
4	Project delivery and operation	Number of passive infrastructure sockets installed	Quantity of passive infrastructure sockets (if applicable)		EV1, EV2,
5	User experience	A minimum of 95% of the standard CPO charge points delivered must be in full working order and available for	95%.		EV1, EV2,

		use at any given time.			
6	Regular planned EVCI maintenance	All charge points assets must receive a full timely service in line with the manufacturer's guidelines.	100%.	EV1.7	EV1, EV2,
7	Regular planned EVCI maintenance	Minimum of bi-annual safety checks to be carried out on every commissioned charge point asset.	100%.	EV1.7	
8	Regular planned asset maintenance	Any act of vandalism or damage caused to the charge point unit including graffiti will be put right within 30 days.	Damage/vandalism put right within 30 days. 100%		
9	EVCI User experience	Customer complaints forwarded by 'The Authority' to the CPO should receive an initial response within 24 hours and a substantive response within 10 days.	100% of customer complaints responded to.	EV1.8	EV1, EV2,
	EVCI User experience	Customer Service requests received in relation to the EVCI provided.	100 % responded to within 7 days		EV1, EV2,
10	Payments and refunds	Valid customer refunds must be processed by the Operator and passed to Merchant Acquirer Service within 24 hours of them being identified by the Customer. So long as these are	97% of valid customer refunds processed within 24 hours.		

		confirmed as a valid refund request.			
11	Scheme utilisation	Total monthly usage by asset, asset type and location: • Number of transactions • Duration (hours) • Total power usage (kWh) • CO2e emissions saved	100% of reports completed and issued to the Councils monthly.		EV1, EV2,
12	Scheme utilisation	Total monthly transactions by payment type.	100% of reports completed and issued to the Councils monthly.		EV1, EV2,
13	Sustainability	Provide an annual estimate of carbon emissions (tail pipe) saved by sustainable journeys provided through the scheme (kg/CO2)	100% of reports completed and issued to the Councils annually.		EV1, EV2,
14	Sustainability	100% renewables are a procurement condition	100%	EV1.13	EV1, EV2,
15	Financial reporting	A quarterly statement and payment of revenue share to be passed back to The Authority.	100% of financial reports completed and issued to the Authorities on an agreed date. 100% of payments made within 30 days of quarter end.		EV1, EV2,

16	Promotion and communication	Ensure that EVCI assets are registered when live on Zapmap.com, to promote availability and use as soon as is practicably possible with Zapmap.com. Removal if the assets are not required at any point in the future should be carried out as soon as is practicably possible off Zapmap.com.	100% that are live are on Zapmap.com	EV1.3	EV1, EV2,
17	Promotion and communication	Register newly commissioned EVCI assets with the National EV Infrastructure database within 30 days of asset commissioning	100% assets registered within 30 days		EV1, EV2,

Place and Resources Scrutiny Committee Draft Work Programme

Meeting Date: 20 November 2025

Report Title	Aims and Objectives	Lead Officers / Members	Other Information
Our Future Council Programme and Transformation	To receive a report on the progress made towards the saving targets and transformation objectives of the Our Future Council programme	Lisa Cotton (Corporate Director Transformation, Customer & Cultural Services) Nina Coakley (Head of Change) Cllr Ben Wilson (	
Performance Scrutiny	To review the most recent performance information and use this to agree items to add to the committee work programme for further analysis	Chris Heighway – Performance and Analytics Team Manager Cllr Nick Ireland – Leader and Cabinet Member for Climate, Performance and Safeguarding	
Annual Complaints report	That the Committee scrutinises and notes the Annual Complaints Report and to ensure an awareness of the numbers and types of complaints received and the organisational learning.	Antony Bygrave (Complaints Manager) Cllr N Ireland, Leader of the Council, Climate, Performance and Safeguarding	

		Cllr R Hope, Customer, Culture and Community Engagement	
Natural Environment, Climate & Ecology – progress report		Antony Littlechild (Sustainability Team Manager) Nick Ireland (Leader and Cabinet Member for Climate, Performance and Safeguarding)	

Page 156
Meeting Date: 22 January 2026

Report Title	Aims and Objectives	Lead Officers / Members	Other Information
Performance Dashboard	To review the most recent performance information and use this to agree items to add to the committee work programme for further analysis.	Chris Heighway – Performance and Analytics Team Manager Cllr Nick Ireland – Leader and Cabinet Member for Climate, Performance and Safeguarding	
Budget and Medium-Term Financial Plan (MTFP) Strategy	To scrutinise the council's budget and medium-term financial plan for the year 2026-27 To make any recommendations to Cabinet.	Sean Cremer (Section 151 Officer) Cllr Simon Clifford – Cabinet Member for Finance and Capital Strategy	

Pending items:

- FOI and assurance regular update
- The Local Enforcement plan post implementation review
- Active Travel

Annual items:

- Strategic Asset Management Plan update – September
- Corporate Complaints Team – Annual Report - November

Bi-annual items:

- Natural Environment, Climate & Ecology – progress report – July and November

Alternate meeting items:

- Performance Scrutiny – informal session held before each committee occurrence - June, November, January, April.

Informal Work of the Committee:

Date	Topic	Format	Members	Lead Officers	Other Information
Quarterly	Review of the committee's performance and risk dashboards	Informal meeting	All committee members	Chris Heighway (Strategic Performance Intelligence & Risk)	Review of the dashboards to identify potential future areas for review by the committee

The Cabinet Forward Plan October 2025 to January 2026 (Publication date – 10 SEPTEMBER 2025)

Explanatory Note:

This Forward Plan contains future items to be considered by the Cabinet and Council. It is published 28 days before the next meeting of the Committee. The plan includes items for the meeting including key decisions. Each item shows if it is 'open' to the public or to be considered in a private part of the meeting.

Definition of Key Decisions

Key decisions are defined in Dorset Council's Constitution as decisions of the Cabinet which are likely to -

- (a) to result in the relevant local authority incurring expenditure which is, or the making of savings which are, significant having regard to the relevant local authority's budget for the service or function to which the decision relates (**Thresholds - £500k**); or
- (b) to be significant in terms of its effects on communities living or working in an area comprising two or more wards or electoral divisions in the area of the relevant local authority."

In determining the meaning of "*significant*" for these purposes the Council will have regard to any guidance issued by the Secretary of State in accordance with section 9Q of the Local Government Act 2000 Act. Officers will consult with lead members to determine significance and sensitivity.

Cabinet Members and Portfolios 2024/25

Nick Ireland	Leader and Cabinet Member for Climate, Performance and Safeguarding
Richard Biggs	Deputy Leader and Cabinet Member for Property & Assets and Economic Growth
Jon Andrews	Place Services
Shane Bartlett	Planning and Emergency Planning
Simon Clifford	Finance & Capital Strategy
Ryan Hope	Customer, Culture and Community Engagement
Steve Robinson	Adult Social Care
Clare Sutton	Children's Services, Education & Skills
Gill Taylor	Health and Housing.
Ben Wilson	Corporate Development and Transformation

October 2025					

Dorset Domestic Abuse Strategy 2025-2028 Key Decision - Yes Public Access - Open Dorset Council has a legal requirement to create a Domestic Abuse Strategy as set out in the Domestic Abuse Act 2021. This was the second Strategy the Council had written such legislation came into place. The Strategy requires sign-off from the Council.	Decision Maker Cabinet	Decision Date 9 Oct 2025	People and Health Overview Committee 15 Sep 2025	Cabinet Member for Health and Housing	<i>Andy Frost, Service Manager for Community Safety andy.frost@dorsetcouncil.gov.uk, Ian Grant, Programme Coordinator ian.grant@dorsetcouncil.gov.uk Executive Director, People - Adults (Jonathan Price)</i>
Age Friendly Communities Key Decision - Yes Public Access - Open To provide an update on the Age Friendly Communities Programme.	Decision Maker Cabinet	Decision Date 9 Oct 2025	Health and Wellbeing Board 24 Sep 2025 People and Health Overview Committee 15 Sep 2025	Cabinet Member for Adult Social Care	<i>Sam Poole, Interim Corporate Director for Commissioning & Improvement samuel.poole@dorsetcouncil.gov.uk Executive Director, People - Adults (Jonathan Price)</i>
Empty Homes Strategy Key Decision - Yes Public Access - Open This report will introduce a strategy which sets out how the Council intends to bring long term empty properties back into use.	Decision Maker Cabinet	Decision Date 9 Oct 2025	People and Health Overview Committee 15 Sep 2025 Cabinet 9 Oct 2025	Cabinet Member for Health and Housing	<i>Steven March, Service Manager for Housing Standards steven.march@dorsetcouncil.gov.uk Executive Director, People - Adults (Jonathan Price)</i>

Subject / Decision	Decision Maker	Date the Decision is Due	Other Committee(s) consulted and Date of meeting(s)	Portfolio Holder	Officer Contact
Dorset Council - Farms Estates Strategy Key Decision - Yes Public Access - Open Draft strategy for Cabinet consideration and approval following development and appraisal by the Farm Advisory Panel.	Decision Maker Cabinet	Decision Date 9 Oct 2025		Deputy Leader and Cabinet Member for Property & Assets and Economic Growth	David Haynes, Senior Rural Estates Surveyor david.haynes@dorsetcouncil.gov.uk, Jessica Maskrey, Head of Service – Assets & Property jessica.maskrey@dorsetcouncil.gov.uk Executive Director, Place (Jan Britton)
Developer contribution funding for community facilities at Mampitts Green, Shaftesbury Key Decision - Yes Public Access - Open To provide Cabinet members with an update on progress with the award of s106 developer contribution monies for the Mampitts Green project, Shaftesbury. To secure agreement of funding milestone variations, and provisions to enable early funding drawdown to support progression of the project	Decision Maker Cabinet	Decision Date 9 Oct 2025		Cabinet Member for Planning and Emergency Planning	Hilary Jordan, Service Manager for Spatial Planning hilary.jordan@dorsetcouncil.gov.uk, Andrew Galpin, Infrastructure & Delivery Planning Manager andrew.galpin@dorsetcouncil.gov.uk Executive Director, Place (Jan Britton)

Subject / Decision	Decision Maker	Date the Decision is Due	Other Committee(s) consulted and Date of meeting(s)	Portfolio Holder	Officer Contact
New Forest Mitigation Strategy Key Decision - Yes Public Access - Open To seek agreement to adopt the New Forest Mitigation Strategy and apply a tariff to qualifying development to help fund the Strategic Access, Management and Monitoring projects identified in the strategy, thereby allowing the Council to give planning permission in the east of the council area.	Decision Maker Cabinet	Decision Date 9 Oct 2025		Cabinet Member for Place Services	<i>Hilary Jordan, Service Manager for Spatial Planning hilary.jordan@dorsetcouncil.gov.uk Executive Director, Place (Jan Britton)</i>
Transformation Investment and Our Future Council Delivery update Key Decision - Yes Public Access - Open To seek Cabinet agreement to adopt the refreshed Transformation Strategy and OFC Delivery Model, which builds on existing progress under the Our Future Council programme. It strengthens our approach to organisational sustainability, targeted investment and service redesign with continued focus on enabling technologies and digital delivery to support budget balancing.	Decision Maker Cabinet	Decision Date 9 Oct 2025		Cabinet Member for Corporate Development and Transformation	<i>Lisa Cotton, Corporate Director for Customer and Cultural Services lisa.cotton@dorsetcouncil.gov.uk Chief Executive</i>

Subject / Decision	Decision Maker	Date the Decision is Due	Other Committee(s) consulted and Date of meeting(s)	Portfolio Holder	Officer Contact
Get Dorset and BCP Working Plan Key Decision - Yes Public Access - Open To gain Cabinet approval for Dorset and BCP's Get Britain Working Plan and the related connect to work plan, and delegate authority for subsequent changes and allocation of further funding.	Decision Maker Cabinet	Decision Date 9 Oct 2025		Cabinet Member for Children's Services, Education and Skills, Deputy Leader and Cabinet Member for Property & Assets and Economic Growth	<i>Jon Bird, Service Manager for Economic Development and Skills jon.bird@dorsetcouncil.gov.uk, Nick Webster, Head of Growth and Regeneration nicholas.webster@dorsetcouncil.gov.uk Executive Director, Place (Jan Britton)</i>
Aspire Adoption Annual Report Key Decision - Yes Public Access - Open To consider the Aspire Adoption Annual Report.	Decision Maker Cabinet	Decision Date 9 Oct 2025		Cabinet Member for Children's Services, Education and Skills	<i>Jane MacLennan jane.maclennan@dorsetcouncil.gov.uk Executive Director, People - Children (Paul Dempsey)</i>
Council Tax for Care Leavers Key Decision - Yes Public Access - Open	Decision Maker Cabinet	Decision Date 9 Oct 2025		Cabinet Member for Children's Services, Education and Skills	<i>Jane MacLennan jane.maclennan@dorsetcouncil.gov.uk, Paula Golding, Corporate Director for Care and Protection paula.golding@dorsetcouncil.gov.uk Executive Director, People - Children (Paul Dempsey)</i>

Subject / Decision	Decision Maker	Date the Decision is Due	Other Committee(s) consulted and Date of meeting(s)	Portfolio Holder	Officer Contact
Children's Services - Inspection of Local Authority Children's Services progress update Key Decision - Yes Public Access - Open An update to Cabinet on Children's Services progress and impact against the post inspection action plan from the May 2025 inspection of Children's Services. This includes an updated "Self-Evaluation" from Dorset to be discussed.	Decision Maker Cabinet	Decision Date 9 Oct 2025		Cabinet Member for Children's Services, Education and Skills	<i>Richard Belcher, Service Manager - Strategic Partnerships</i> <i>richard.belcher@dorsetcouncil.gov.uk</i> <i>Executive Director, People - Children (Paul Dempsey)</i>
Children's Services Capital Programme Key Decision - Yes Public Access - Part exempt Update on various elements of the Children's Services Capital programme, including the SEND programme, with a view to clarifying or seeking delegations to allow the programmes to progress.	Decision Maker Cabinet	Decision Date 9 Oct 2025		Cabinet Member for Children's Services, Education and Skills, Cabinet Member for Finance & Capital Strategy	<i>Paul Scothern, Service Manager Capital Commissioning</i> <i>paul.scothern@dorsetcouncil.gov.uk</i> <i>Executive Director, People - Children (Paul Dempsey)</i>

Subject / Decision	Decision Maker	Date the Decision is Due	Other Committee(s) consulted and Date of meeting(s)	Portfolio Holder	Officer Contact
Modification of Public Health Contracts over £500k: 0-19 Public Health Nursing and Sexual Health Services Key Decision - Yes Public Access - Fully exempt Both 0-19 Children and Young People Public Health Nursing Service and the Integrated Sexual Health Service contracts are currently due to end on 30 September 2026. Due to delays in procurement planning arising from the disaggregation of Public Health functions, approval is sought to extend the Integrated Sexual Health Service contract by 6 months and the 0-19 public Health Nursing Service contract by 12 months. This will enable appropriate staging and completion of procurement activity.	Decision Maker Cabinet	Decision Date 9 Oct 2025		Cabinet Member for Health and Housing	<i>Jane Horne, Consultant in Public Health</i> <i>jane.horne@dorsetcouncil.gov.uk</i> <i>Director of Public Health and Prevention (Sam Crowe)</i>
November					

Council Plan Progress Report Key Decision - Yes Public Access - Open A bi-annual report to Cabinet on Council Plan delivery.	Decision Maker Cabinet	Decision Date 11 Nov 2025		Leader and Cabinet Member for Climate, Performance and Safeguarding	<i>Liz Crocker, Head of Strategy</i> <i>liz.crocker@dorsetcouncil.gov.uk</i> <i>Chief Executive</i>

Private/Exempt Items for Decision

Each item in the plan above marked as 'private' will refer to one of the following paragraphs.

1. Information relating to any individual.
2. Information which is likely to reveal the identity of an individual.
3. Information relating to the financial or business affairs of any particular person (including the authority holding that information).
4. Information relating to any consultations or negotiations, or contemplated consultations or negotiations, in connection with any labour relations matter arising between the authority or a Minister of the Crown and employees of, or office holders under, the authority.
5. Information in respect of which a claim to legal professional privilege could be maintained in legal proceedings.
6. Information which reveals that the shadow council proposes:-
 - (a) to give under any enactment a notice under or by virtue of which requirements are imposed on a person; or
 - (b) to make an order or direction under any enactment.
7. Information relating to any action taken or to be taken in connection with the prevention, investigation or prosecution of crime.

Shareholder Committee for Care Dorset Holdings Ltd Forward Plan - June 2025 to October 2025 (Publication date – 22 MAY 2025)

Explanatory Note:

This Forward Plan contains future items to be considered by the Shareholder Committee for Care Dorset Holdings Ltd. It is published 28 days before the next meeting of the Committee. The plan includes items for the meeting including key decisions. Each item shows if it is 'open' to the public or to be considered in a private part of the meeting.

Definition of Key Decisions

Key decisions are defined in Dorset Council's Constitution as decisions which are likely to -

- a) to result in the relevant local authority incurring expenditure which is, or the making of savings which are, significant having regard to the relevant local authority's budget for the service or function to which the decision relates (**Thresholds - £500k**); or
- b) to be significant in terms of its effects on communities living or working in an area comprising two or more wards or electoral divisions in the area of the relevant local authority."

In determining the meaning of "*significant*" for these purposes the Council will have regard to any guidance issued by the Secretary of State in accordance with section 9Q of the Local Government Act 2000 Act. Officers will consult with lead members to determine significance and sensitivity.

Committee Membership 2025/26
