

**APPLICATION NUMBER: WD/D/19/002723 (OBL)**

**APPLICATION SITE: Land Adjacent Oaklands Park, Warmwell Road, Crossways**

**PROPOSAL: Modification of planning obligations on Section 106 Agreement dated 8th June 2015 on planning approval WD/D/14/002768**

**Decision:** Authority delegated to the Head of Planning to modify the S106 agreement dated 8<sup>th</sup> June 2015 on planning approval WD/D/14/002768 to:

Substitute the current affordable housing tenure mix of 17 units (rent and intermediate shared ownership) for 17 discounted market units.

**APPLICATION NUMBER: WP/16/00253/OUT and WD/D/16/000739**

**APPLICATION SITE: Land to the North of Littlemoor Road, Weymouth**

**PROPOSAL: Outline application for a mixed use development comprising: up to 500 dwellings, including affordable housing; up to 8 ha of employment land (to include a new hotel, residential care home, car show rooms and other employment land); land for a new primary school; a new local centre; public open spaces, new accesses and roads, and associated infrastructure.**

Decision:

A. That delegated authority be given to the Head of Planning to grant outline planning permission subject to the completion of a legal agreement under section 106 of the Town and Country Planning Act 1990 (as amended) in a form to be agreed by the Head of Planning to secure the following (index linked if financial contributions):

- Phasing and triggers for contributions;
- 35% Affordable Housing;
- Highway Matters including footpath links and pedestrian links across Littlemoor Road (A353);
- Structural landscaping and Landscape Environmental Management Plan (LEMP)
- Comprehensive drainage strategy for all phases
- Financial Contributions towards healthcare provision of £40,000
- Provision of an on site Local Centre;
- Provision of 7.92 of serviced employment land;
- Allocation of land within the site for provision of a Hotel, Care Home and Car showrooms to ensure employment provision;
- Provision of on site school site and Education Contribution of £6169 per eligible unit;
- Contributions towards existing and proposed community facilities including community hall of £309,950
- Redland Sports Centre towards re-surfacing Hockey Pitch of £112,069
- Contribution to Weymouth Swimming Pool of £127,095
- Contribution to Library facilities of £64,860
- On site provision of Children's Play and Open Space Facilities and financial contribution of up to £478,162; the sum to be off-set against the value of the on-site provision.
- Lorton Nature Reserve contribution of £95,760

And the following conditions and their reasons:-

Plans

1. The development hereby permitted shall be carried out in accordance with the following approved plan:

0379-0085-03 - SITE LOCATION PLAN (REVISED) - received 28 November, 2017;

REASON: For the avoidance of doubt and in the interests of proper planning.

#### Phasing

2. No application for Reserved Matters shall be approved until a phasing plan for the development has been submitted to, and approved in writing by, the local planning authority. The development of the site shall be carried out in accordance with the phasing plan as approved.

REASON: To allow the development to proceed on a phased basis.

#### Reserved Matters

3. For any individual phase of development identified in the details approved in accordance with condition 2 above, no development within that phase shall commence until details of: (i) all accesses to the site; (ii) the layout of the site (iii) the scale; (iv) appearance of the building(s) within that phase; and (v) the landscaping of that phase shall have been submitted to, and approved in writing by, the Local Planning Authority. The approved Landscaping for each phase of the development shall be implemented and maintained in accordance with the agreed details. Any application for the approval of Reserved Matters on any phase of the development, hereby approved, shall be informed by the following Masterplan and Parameter Plans submitted as part of the outline planning application:

0379-0037-19 ES – FIGURE R(I) 2.8 ILLUSTRATIVE MASTERPLAN  
(REVISED) - received 3 May, 2018;

0379-0063-05 - DENSITY PARAMETER PLAN (REVISED) - received 28  
November, 2017;

0379-0065-08 - ACCESS & MOVEMENT PARAMETER PLAN (REVISED) -  
received 28 November, 2017;

0379-0064-07 - BUILDING HEIGHT PARAMETER PLAN (REVISED) - received  
28 November, 2017;

0379-0066-06 - ECOLOGY & LANDSCAPING PARAMETER PLAN (REVISED)  
- received 28 November, 2017;

379-0060-11 - LAND USE PLAN (REVISED) - received 28 November, 2017;

REASON: To ensure the satisfactory development of the site; to reflect the sites position within the Dorset AONB; and, to assist in preserving the character and openness of the AONB adjoining the site.

#### Timescales

4. Application for approval of any Reserved Matter must be made not later than the expiration of ten years beginning with the date of this permission.

REASON: This condition is required to be imposed by Section 92 of the Town and Country Planning Act 1990.

5. The development to which this permission relates must be begun not later than the expiration of two years from the final approval of any Reserved Matter.

REASON: This condition is required to be imposed by Section 92 of the Town and Country Planning Act 1990 (as amended).

#### Design Framework

6. No application for Reserved Matters for any buildings shall be approved until a Design Framework including a design code, for the development has been submitted to, and approved in writing by, the local planning authority. The Design Framework will develop the principles established in the approved parameter plans. All subsequent Reserved Matters applications shall follow the agreed Design Framework and design code unless justification is provided and an alternative is agreed in writing by the local planning authority.

REASON: To ensure the provision of a high quality mixed use development given the lack of detail for a major development on an allocated in the AONB.

#### Materials

7. No development shall be commenced until details and samples of all external facing materials for the wall(s) and roof(s) of the built structures on any part of the site shall have been submitted to, and approved in writing by, the Local Planning Authority. Thereafter, the development shall proceed in strict accordance with such materials as have been agreed.

REASON: To ensure a satisfactory visual appearance of the development.

#### LEMP – (Landscape Environment Management Plan)

8. No application for any Reserved Matters shall be approved until a Landscape Environment Management Plan (LEMP) has been submitted to, and approved in writing by, the local planning authority. The LEMP shall include the following:

- A detailed agreed strategic planting plan for both red line area, along with a time table for implementation. In line with Local Plan policy LITT1 strategic landscape planting is required to be completed in advance of first occupation and preferably as a prerequisite to initiating the first phase of the development. So as to prevent its future removal the strategic landscape planting should also be legally safeguarded.

Detailed onsite biodiversity mitigation and enhancement measures to include:

- I. The mitigation and enhancement measures outlined in the biodiversity chapter of the submitted Environmental Statement.
- II. Extensive native tree and hedgerow planting within the areas of public open space.
- III. Use of native tree planting within the developed area designed to further ameliorate landscape impacts on the surrounding countryside as recommended by the local plan inspector's report.
- IV. Creation and long term management of areas species rich grassland.
- V. Creation of habitat features such as wildlife ponds, habitat piles etc.
- VI. Provision of new bat roosting and bird nesting opportunities within new builds on the edge of the development, including the provision of nesting opportunities for swift.
- VII. Provision of a range of bird boxes, including provision for barn owl and kestrel.

VIII. Appropriate compensation of any residual biodiversity impacts as set out by the Dorset Biodiversity Compensation Framework, or similar mechanism. Natural England notes that given the area of green infrastructure to be provided it is likely that there will be sufficient scope to deliver the necessary level of biodiversity compensation directly on site.

Except where addressed in other documents the LEMP shall also include management proposals for each of these features for the lifetime of the development. Unless approved otherwise in writing by the local planning authority, development of the site shall proceed in accordance with the approved LEMP.

REASON: To ensure that the development conserves and enhances biodiversity in accordance with the objectives of the National Planning Policy Framework and policy ENV2 (Wildlife and Habitats) in the West Dorset, Weymouth & Portland Local Plan (adopted October, 2015).

#### Landscaping

9. No development within any Phase shall take place until all existing trees, shrubs and other natural features not scheduled for removal have been fully safeguarded and fenced for that Phase in accordance with a scheme to be first approved in writing by the Local Planning Authority. Such fencing shall be maintained during the course of the works on site. No unauthorised access or placement of goods, fuels and chemicals, soil or other materials shall take place inside this fenced area. The soil levels within the fenced area shall not be raised or lowered and no trenching or excavation shall take place. In the event that protected trees (or their roots) become damaged, are lost or become otherwise defective in any way during such period, the local planning authority shall be notified immediately and a programme of remedial action as directed by the Local Planning Authority shall be carried out within a timescale to be specified by the Local Planning Authority.

REASON: To ensure that trees, shrubs and other natural features to be retained are adequately protected from damage to health and stability.

10. No development shall commence until a landscaping plan has been submitted for each particular phase of the development. The Landscaping shall include (i) planting plans; (ii) written specifications and schedules of proposed plants noting species, planting sizes and proposed numbers/densities; (iii) full details of the positions, materials and proposed construction methods for all paths and other hard surfaces; (iv) an implementation timetable; and (v) a schedule of landscape maintenance proposals for a period of not less than five years.

REASON: To ensure that the development provides sufficient hard and soft landscaping to successfully integrate with the character of the site and its surrounding area within the Dorset AONB.

11. All planting seeding or turfing and soil preparation comprised in the above details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings, the completion of the development, or in agreed phases whichever is the sooner: and any plants which within a period of five years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of

similar size and species. All the above approved landscape works and all works of landscape maintenance shall be carried out in accordance with these approved details and the guidance contained in British Standards.

REASON: To ensure proper implementation of the agreed landscape details in the interests of the amenity value of the development and to successfully integrate with the character of the site and its surrounding area within the Dorset AONB.

#### Housing

12. The number of dwellings permitted by this planning permission shall not exceed 500. The site shall be developed in phases as outlined in the requirements to be agreed by condition 2 of this permission. The design and housing mix of all dwellings shall be informed by the Design Framework as required to be agreed and approved by condition 6 of this permission.

REASON: To ensure provision of a high quality mixed housing development across the site.

#### Highways

13. As part of any reserved matters application relating to design, details shall be provided to enable the charging of plug-in and other ultra-low emission vehicles in safe, accessible and convenient locations within the development. The development shall be carried out in accordance with such details as are approved by the local planning authority.

REASON: To ensure that adequate provision is made to enable occupiers of and visitors to the development to be able to charge their plug-in and ultra-low emission vehicles.

14. No development shall commence, on any phase, until details of the access, geometric highway layout, turning and parking areas for that phase have been submitted to and agreed in writing by the Local Planning Authority. The works for each phase shall subsequently be carried out strictly in accordance with the approved details.

REASON: To ensure the proper and appropriate development of the site.

15. Before the development hereby approved, on any phase or part thereof, is first occupied or utilised, the submitted Interim Residential Travel Plan Ref: NA/SG/sjs/JNY8075-04a received 19 April, 2016, as outlined must be implemented and made operational.

REASON: In order to reduce or mitigate the impacts of the development upon the local highway network and surrounding area.

16. Before the development hereby approved is commenced a Construction Traffic Management Plan (CTMP) must be submitted to and approved in writing by the Local Planning Authority. The CTMP must include:

- construction vehicle details (number, size, type and frequency of movement)
- a programme of construction works and anticipated deliveries
- timings of deliveries so as to avoid, where possible, peak traffic periods
- a framework for managing abnormal loads
- contractors' arrangements (compound, storage, parking, turning, surfacing and drainage)
- wheel cleaning facilities
- vehicle cleaning facilities
- inspection of the highways serving the site (by the developer (or his contractor) and Dorset Highways) prior to work commencing and at regular, agreed intervals during the construction phase
- a scheme of appropriate signing of vehicle route to the site
- a route plan for all contractors and suppliers to be advised on
- temporary traffic management measures where necessary

The development must be carried out strictly in accordance with the approved Construction Traffic Management Plan.

REASON: To minimise the likely impact of construction traffic on the surrounding highway network and prevent the possible deposit of loose material on the adjoining highway.

#### Local facilities

17. The Reserved Matters submissions shall include serviced employment land of no less than 8 hectares for the provision of Use Classes B1, B2 and B8 industrial uses including a residential Care Home (Use Class C2), a Hotel (Use Class C1) and car showrooms (sui generis); a mixed use local centre of Use Classes A1, A2, A3, A4, A5, B1, C3 and D1); a serviced site of 2.4 ha to provide a new primary school with associated grounds, playing fields and parking, with the school site sized to accommodate a 2-form entry school (Use Class D1). These elements of the development of the site shall be undertaken in phases as outlined in the requirements to be agreed by of condition 2 of this permission.

REASON: To ensure provision of the mixed use development (other than residential development) in accordance with the provisions of policies ECON1, SUS1, HOUS1, HOUS3, HOUS5, COM1, COM2, COM4, COM6 and LITT1 in the West Dorset, Weymouth and Portland Local plan (adopted October, 2015); and, the advice contained in the National Planning Policy Framework, July 2018 (as amended).

#### Care Home

18. The care home hereby permitted shall be used solely as a residential care home or nursing home, and for no other purpose including any other purpose in Use Class C2 of the Town and Country (Use Classes) Order 1987 (as amended).

REASON: To ensure that adequate residential care home provision is provided and retained as such on site in accordance with the provisions of policy LITT1 in the West Dorset, Weymouth and Portland Local Plan (adopted October, 2015).

## Employment

19. Detailed Reserved Matters for the Employment Land, as identified on Parameters Plan - Drawing Number 0379-0060-11 - LAND USE PLAN (REVISED), shall include a disposition of buildings and approved uses (B1, B2 and B8) to ensure that the B2 and B8 uses are buffered from nearby residential development, and other development sensitive to disturbance by other buildings and uses.

REASON: To ensure that the amenity of residential development and development sensitive to disturbance is not significantly adversely affected in accordance with policy ENV16 (Amenity) in the West Dorset, Weymouth & Portland Local Plan (adopted October, 2015).

20. Prior to the first occupation of any of the industrial development units hereby permitted, details of plant to be installed at premises on the industrial area when construction of premises is nearly completed shall be detailed in a cumulative type BS1442 report for each establishment to ensure that the rated background noise levels recorded do not exceed (29dB(A)). Such a Report shall be submitted to and agreed in writing by the Local Planning Authority. Subsequently, the rated background noise levels recorded as advised in the Report shall not exceed (29dB(A)) at any time.

REASON: To protect the amenities of occupants of existing residential properties, as well as those to be built near to the industrial allocation in respect of additional noise levels that are likely to occur. Such a requirement accords with the provisions of Policy ENV16 (Amenity) in the West Dorset, Weymouth and Portland Local Plan (adopted October, 2015).

## Broadband

21. No development shall commence until a scheme for facilitating infrastructure to support superfast broadband technology to serve the development has been submitted to, and approved in writing by, the local planning authority. The scheme shall include a timetable for implementation, including triggers for a phased implementation if appropriate. Thereafter, the development shall proceed in accordance with the agreed scheme.

REASON: To ensure that the utilities service infrastructure is sufficient to meet the extra demands imposed by this development, in accordance with West Dorset, Weymouth & Portland Local Plan policy COM10. (The Provision of Utilities Service Infrastructure); and, the advice contained in the National Planning Policy Framework, July 2018 (as amended).

## Cycle Parking Facilities

22. The development hereby permitted must not be occupied in any phase until a scheme showing precise details of the proposed cycle parking facilities for that phase has been submitted to the Local Planning Authority. Any such scheme requires approval to be obtained in writing from the Local Planning Authority. The approved scheme must be constructed before the development of that phase is commenced and, thereafter, must be maintained, kept free from obstruction and available for the purpose specified.

REASON: To ensure the proper construction of the parking facilities and to encourage the use of sustainable transport modes.

#### NEAP

23 No more than 300 dwellings shall be first occupied until a Neighbourhood Equipped Area for Play (NEAP) has been constructed and made available for use in accordance with a specification that shall first have been submitted to, and agreed in writing by, the local planning authority. The specification shall include details for the management and maintenance of the NEAP for the lifetime of the development. Thereafter, the NEAP shall be maintained and managed in accordance with the approved specification.

REASON: To meet the requirement of West Dorset, Weymouth and Portland Local Plan policy LITT1 (LITTLEMOOR URBAN EXTENSION) for the development to provide local community facilities commensurate with its scale and nature.

#### Land contamination

24. Before the commencement of development, the developer shall submit for the written approval of the Local Planning Authority: (a) a 'desk study' report documenting the site history; (b) a site investigation report documenting the ground conditions of the site, and incorporating a 'conceptual model' of all potential pollutant linkages, detailing the identified sources, pathways and receptors and basis of risk assessment; (c) a detailed scheme for remedial works and measures to be taken to avoid risk from contaminants/or gases when the site is developed; (d) a detailed phasing scheme for the development and remedial works. The remediation scheme, as agreed in writing by the Local Planning Authority, shall be fully implemented before the development is occupied. Any variation to the scheme shall be agreed in writing with the Local Planning Authority in advance of works being undertaken. On completion of the works the developer shall provide written confirmation that all works were completed in accordance with the agreed details.

REASON: To ensure that risks from soil contamination to the future occupants of the development and neighbouring occupiers are minimised, having regard to the National Planning Policy Framework July 2018 (as amended).

25. Before the commencement of development, the approved remediation scheme shall be carried out unless otherwise agreed in writing by the Local Planning Authority. The Local Planning Authority must be given two weeks written notification of commencement of the remediation scheme works. Following completion of measures identified in the approved remediation scheme, a validation report that demonstrates the effectiveness of the remediation carried out shall be submitted to and approved in writing by the Local Planning Authority.

REASON: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors, having regard to the National Planning Policy Framework March July 2018 (as amended).

26. In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken and where remediation is necessary a remediation scheme shall be submitted to and approved in writing by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme a validation report shall be submitted to and approved in writing by the Local Planning Authority.

REASON: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors, having regard to the National Planning Policy Framework, July 2018 (as amended).

Finished floor levels – Flood Risk

27. Finished floor levels shall be set a minimum of 600mm above the design flood level as set out in paragraph 9.9 of the Flood Risk Assessment (RPS, April 2016, ref: RCEF31131-005 R).

REASON: To reduce the risk of flooding to the proposed development and future occupants.

Surface Water Management

28. No development shall take place until a detailed surface water management scheme for the site, based upon the hydrological & hydrogeological context of the development, with appropriate consideration of existing drainage infrastructure and providing clarification of how surface water is to be managed during construction, has been submitted to, and approved in writing by the local planning authority. The surface water scheme shall be implemented in accordance with the submitted details before the development is completed.

REASON - To prevent the increased risk of flooding and to protect water quality.

29. No development shall take place until details of maintenance and management of the surface water sustainable drainage scheme have been submitted to and approved in writing by the local planning authority. The scheme shall be implemented and thereafter managed and maintained in accordance with the approved details. These should include a plan for the lifetime of the development, the arrangements for adoption by any public body / statutory undertaker, shared ownership, any other arrangements to secure the operation of the surface water drainage scheme throughout its lifetime.

REASON - To ensure future maintenance of the surface water drainage system, and to prevent the increased risk of flooding.

## Sewage

30. No development shall commence on each relevant phase (as referred to in Condition 2) until details of a foul drainage disposal scheme to serve the development within that phase has been submitted to and approved in writing by the Local Planning Authority. Such details will need to demonstrate that the system is adequately sized to accommodate and accept the flows that will be generated by this proposal. The drainage scheme shall be completed in accordance with the approved details and to a timetable for each phase agreed in writing by the local planning authority.

REASON: To ensure that the development is undertaken in an acceptable manner.

## Foul Water

31. The development shall not be commenced until a foul water drainage strategy is submitted and approved in writing by the local Planning Authority in consultation with Wessex Water acting as the sewerage undertaker

- a drainage scheme shall include appropriate arrangements for the agreed points of connection and the capacity improvements required to serve the proposed development phasing
- the drainage scheme shall be completed in accordance with the approved details and to a timetable agreed in writing by the local planning authority.

REASON: To ensure that proper provision is made for sewerage of the site and that the development does not increase the risk of sewer flooding to downstream property.

32. As part of the reserved matters, the internal road layout shall make provision for means of vehicular access within the application site to the residual parts of the allocated site to the north (Land adjacent to Bincombe Lane) and to the west (Land adjacent to Goulds Garden Centre). The construction of these access roads to the site boundary shall be completed prior to the occupation of the buildings within that phase of the development.

REASON: In the interests of permeability and connectivity and appropriate movement through the allocated site to ensure comprehensive development of the site and the LITT1 land allocation.

## INFORMATIVES

### National Planning Policy Framework Statement

In accordance with paragraph 38 of the NPPF the council, as local planning authority, takes a positive approach to development proposals and is focused on providing sustainable development. The council works with applicants/agents in a positive and proactive manner by:

- offering a pre-application advice service, and
- as appropriate updating applications/agents of any issues that may arise in the processing of their application and where possible suggesting solutions.

In this case:

- The applicant/agent was updated of any issues and provided with the opportunity to address issues identified by the case officer.
- The applicant was provided with pre-application advice.

S106

This permission is subject to an agreement made pursuant to Section 106 of the Town and Country Planning Act 1990 dated xxxxxxxx

#### DRAINAGE - INFORMATIVE (1)

All associated works that offer an obstruction to flow to a channel with the status of Ordinary Watercourse are likely to require prior Land Drainage Consent from Dorset Councils Flood Risk Management function, as relevant Lead Local Flood Authority, in accordance with s23 of the Land Drainage Act 1991. Such consent relates both to permanent (i.e. diversion, reprofiling or culverting) and temporary (i.e. coffer damming, over pumping or diversionary) works and is independent of planning permission.

#### DRAINAGE - INFORMATIVE (2)

The necessary detailed design is to make adequate provision for the future operation and maintenance of existing drainage infrastructure. As such Dorset Highways will require full clarification of all access routes, relevant landscaping /planting, and necessary upgrading / improvement works.

Notes to the LPA and applicant; Whilst we accept that the applicant has provided preliminary calculations, with which to support the conceptual drainage strategy that has been presented, we emphasise that a substantiated & detailed design is to be subsequently supplied to satisfy and discharge the requested planning conditions.

As such we highlight that the calculations provided thus far are regarded as preliminary estimations only, and that the discussion of storage volumes and discharge rate/s provided within supporting documents is to be treated as indicative, prior to the submission and approval of a detailed design. Equally, the discussion and illustration of exceedance routing provided thus far is regarded as preliminary, and will require substantiation within the detailed design.

#### INFORMATIVE:

Ordinary watercourses cross the site. If the applicant intends to obstruct the flow in the watercourse (permanently or temporarily, including culverting) you will require prior Land Drainage Consent from Dorset Council as the Lead Local Flood Authority. You are advised to contact the Flood Risk Management team at Dorset Council ([floodriskmanagement@dorsetcouncil.gov.uk](mailto:floodriskmanagement@dorsetcouncil.gov.uk)) to discuss their requirements.'

#### INFORMATIVE

The site must be drained by a separate system of foul and surface water drainage, with all clean roof and surface water being kept separate from foul water.

#### INFORMATIVE:

There must be no interruption to the surface water drainage system of the surrounding land as a result of the operations on the site. Provisions must be made to ensure that all existing drainage systems continue to operate effectively and that riparian owners upstream and downstream of the site are not adversely affected.

#### INFORMATIVE NOTE: Developer-Led Infrastructure

The applicant is advised that, notwithstanding this consent, if it is intended that the highway layout be offered for public adoption under Section 38 or Section 278 of the Highways Act 1980, the applicant should contact Dorset Councils Development team. They can be reached by telephone at 01305 225401, by email at [dli@dorsetcouncil.gov.uk](mailto:dli@dorsetcouncil.gov.uk), or in writing at Development team, Dorset Highways, Environment and the Economy, Dorset Council, County Hall, Dorchester, DT1 1XJ.

AND

#### B. REFUSE PERMISSION FOR THE REASONS SET OUT BELOW IF THE SECTION 106 AGREEMENT IS NOT COMPLETED WITHIN 6 MONTHS OF THE DATE OF THE COMMITTEE RESOLUTION OR SUCH EXTENDED TIME AS AGREED BY THE HEAD OF PLANNING

1. Policy HOUS1 of the adopted West Dorset, Weymouth and Portland Local Plan 2015 requires a minimum on-site provision of 35% of the units as affordable housing. In the absence of a planning obligation to secure these affordable units the scheme would fail to meet the substantial unmet need for affordable housing in the district and the proposal would therefore be contrary to Policy HOUS1 of the Local Plan.

2. Policy COM1 of the of the adopted West Dorset, Weymouth and Portland Local Plan 2015 sets out that where new development will generate the need for new or improved community infrastructure and this need is not being met through the Community Infrastructure Levy, suitable provision should be made on site. Policy LITT1 of the Local Plan sets out the expected infrastructure provision commensurate with this proposal for an urban extension to Littlemoor. This is amplified in the Council's Adopted Supplementary Planning Document 'Planning Obligations Guidelines – 2010'. In the absence of a planning obligation to secure the required community benefits the scheme would fail to mitigate the increase in demand for the necessary infrastructure to support the development generated by the proposal; namely:

Highway improvements;  
Drainage provision;  
Structural Planting and Green Infrastructure;  
Healthcare;  
Education;  
Community facilities  
Sports and recreation provision; and,  
Children's' play and open space.

In the absence of a planning obligation, the proposals therefore, fails to meet the provisions of policies INT1, ENV3, ENV5, SUS1, ECON1, COM1, COM2, COM4, COM6 and LITT1 in the West Dorset, Weymouth and Portland Local Plan – (Adopted October, 2015); and, the advice contained in the National Planning Policy Framework – July 2018 (as amended).

**APPLICATION NUMBER: WP/17/00836/FUL**

**APPLICATION SITE: Land NW Side of Wessex Roundabout, Radipole Lane, Weymouth**

**PROPOSAL: Construction of new vehicular and pedestrian access, surface water management ponds, open space and landscaping associated with the adjacent Wessex Grounds Residential Development.**

**Decision:** Defer the consideration of the application for the applicant to consider the provision, width and location of pavements/cycleways as part of the access and to both sides of it and to give further consideration to the safety of the access and parking.

**APPLICATION NUMBER: WP/17/002597/FUL**

**APPLICATION SITE: Wessex Stadium, Radipole Lane, Chickerell, Weymouth, DT4 9XJ**

**PROPOSAL: Application for approval of reserved matters for access, appearance, landscaping, layout and scale in relation to outline approval WD/D/14/001938.**

**Decision:** Refuse for the following reasons:

1. The proposed development by reason of its design and materials is not in keeping with nearby development. It is considered to be poor quality design with an urban character in a rural setting and is bland and lacking in distinctive character. Hence the proposed development is contrary to Policies ENV10 and ENV12 of the West Dorset, Weymouth and Portland Local Plan (2015) and paragraphs 127 and 130 of the National Planning Policy Framework (2019).
2. The proposed development having only one access point lacks permeability and constitutes poor urban design with a lack of choice of routes into, out of and through the site contrary to Policy ENV11 of the West Dorset, Weymouth and Portland Local Plan (2015) and paragraph 127 of the National Planning Policy Framework (2019).

**APPLICATION NUMBER: WD/D/14/001938**

**APPLICATION SITE: Weymouth Football Club, Wessex Stadium, Radipole Lane,  
Chickerell, Weymouth, DT4 9XJ**

**Report regarding viability in respect of the S106 agreement dated 27 October  
2014 associated with outline planning permission WD/D/14/001938**

**Decision:** The scheme is viable and should provide affordable housing and contributions in accordance with the requirements of the S106 agreement.

**APPLICATION NUMBER: WP/18/00662/FUL**

**APPLICATION SITE: Land Off of Verne Common Road & Ventnor Road, Portland**

**PROPOSAL:** Develop vacant land by the demolition of garage, formation of vehicular access, erection of 25 dwellings & associated landscaping

**Decision:**

**A) DELEGATE AUTHORITY TO THE HEAD OF PLANNING TO GRANT, SUBJECT TO COMPLETION OF A LEGAL AGREEMENT UNDER SECTION 106 OF THE TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED) IN A FORM TO BE AGREED BY THE LEGAL SERVICES MANAGER TO SECURE THE FOLLOWING:**

The provision of five affordable rented units on site and a financial affordable housing contribution of £59,254 index-linked and a financial contribution for grassland compensation and management for the Local Nature Reserve of £15,638 together with the following conditions (and their reasons):

1) The development to which this permission relates must be begun not later than the expiration of three years beginning with the date of this permission.

REASON: This condition is required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

2) The development hereby permitted shall be carried out in accordance with the following approved plans:

Location Plan - Drawing Number P01 received on 20/08/2018

Lower Tier - 3 Bed Terrace - Ground Floor Plan - Drawing Number P19 Rev A received on 25/11/2019

Lower Tier - 3 Bed Terrace - First Floor Plan - Drawing Number P20 received on 25/11/2019

Lower Tier - 3 Bed Terrace – Front Elevation - Drawing Number P21 Rev A received on 25/11/2019

Lower Tier - 3 Bed Terrace - Rear Elevation - Drawing Number P22 Rev A received on 25/11/2019

Lower Tier - 3 Bed – Rear & Side Elevations - Drawing Number P18 Rev A received on 25/11/2019

Lower Tier – 3 Bed Terrace – Elevation 03 – Drawing Number P51 received on 25/11/2019

REASON: For the avoidance of doubt and in the interests of proper planning.

3) No development above Damp Proof Course (DPC) level shall be commenced until details and samples of all external facing materials for the wall(s) and roof(s) shall have been submitted to, and approved in writing by, the Local Planning Authority. Thereafter, unless otherwise agreed in writing by the Local Planning Authority the development shall proceed in strict accordance with such materials as have been agreed.

Reason: To ensure a satisfactory visual appearance of the development.

4) No development above Damp Proof Course (DPC) level shall be commenced until a timetable for the implementation of the measures of the Biodiversity Mitigation Plan has been submitted and agreed in writing by the Local Planning Authority. Thereafter, the development shall be carried out and maintained in accordance with the agreed timetable and the approved Biodiversity Mitigation Plan signed by dated 23/05/2019 and agreed by Natural Environment Team on 23/05/2019, unless a subsequent variation is agreed in writing with the Council.

REASON: In the interests of biodiversity mitigation and enhancement.

5) No development shall take place until a construction management plan has been submitted to and approved in writing by the Local Planning Authority. The approved management plan shall be adhered to throughout the construction period. The management plan shall provide for:

- Location for loading/unloading and storage of plant, waste or debris and construction materials;
- Details of construction lighting;
- Hours of operation;
- Parking of vehicle of site operative and visitors (including measures taken to ensure satisfactory access and movement of existing occupiers of neighbouring properties during construction);
- Routes of construction traffic;
- Arrangements for turning vehicles;
- Arrangements to receive abnormal loads or unusually large vehicles;
- Methods of communicating the Construction Management Plan to staff, visitors and neighbouring residents and businesses.

REASON: In the interests of road safety, neighbouring amenity and the protection of the SSSI.

6) No development above Damp Proof Course (DPC) level shall be commenced until a landscaping and tree planting scheme shall have been submitted to, and approved in writing, by the Local Planning Authority. The approved scheme shall be implemented during the first planting season November – March inclusive, immediately following commencement of the development. The scheme shall include provision for the maintenance and replacement as necessary of the trees and shrubs for a period of not less than 5 years.

REASON: In the interests of visual amenity.

7) No development shall take place until a detailed and finalised surface water management scheme for the site, based upon the hydrological and hydrogeological context of the development, and with due consideration of the construction phase and including a timetable for the implementation of the scheme, has been submitted to, and approved in writing by the local planning authority. The necessary detailed design shall include all required clarification and substantiation of the proposed surface water management scheme and it shall thereafter be implemented in accordance with the submitted details and timetable.

REASON: To prevent the increased risk of flooding, and to improve & protect water quality.

8) No development shall take place until details of responsibility; maintenance and management of the surface water sustainable drainage scheme and associated infrastructure have been submitted to and approved in writing by the local planning authority. The scheme shall be implemented and thereafter managed and maintained in accordance with the approved details. These should include a plan for the lifetime of the development, the arrangements for adoption by any public body or statutory undertaker, or any other arrangements to secure the operation of the surface water drainage scheme throughout its lifetime.

REASON: To ensure future operation and maintenance of the surface water drainage system, and to prevent the increased risk of flooding.

9) Before the development is occupied or utilised the access, geometric highway layout, turning and parking areas shown on the approved plans must be constructed, unless otherwise agreed in writing by the Local Planning Authority. Thereafter, these must be maintained, kept free from obstruction and available for the purposes specified.

REASON: To ensure the proper and appropriate development of the site.

10) Before the development hereby approved is occupied or utilised the turning and parking shown on the submitted plans must have been constructed. Thereafter, these areas must be permanently maintained, kept free from obstruction and available for the purposes specified.

REASON: To ensure the proper and appropriate development of the site and to ensure that highway safety is not adversely impacted upon.

**Added Condition by Cttee to say:**

**11) No development above damp proof course level shall take place until a detailed scheme to enable the charging of plug-in and other ultra-low emission vehicles in safe, accessible and convenient locations within the development has been submitted and approved in writing with the local planning authority. The scheme shall include a timetable for implementation. Thereafter the development shall be carried out in accordance with such details as have been approved by the Local Planning Authority including the timetable for implementation.**

**REASON: To ensure that adequate provision is made to enable occupiers of and visitors to the development to be able to charge their plug-in and ultra-low emission vehicles.**

## **Informatives –**

### Highways

The applicant is advised that, notwithstanding this consent, if it is intended that the highway layout be offered for public adoption under **Section 38 of the Highways Act 1980**, the applicant should contact the Development team. They can be reached by telephone at 01305 225401, by email at [dli@dorsetcc.gov.uk](mailto:dli@dorsetcc.gov.uk), or in writing at Development team, Infrastructure Service, Dorset Council, Hall, Dorchester, DT1 1XJ.

### Rights of Way

The applicant is advised that the granting of planning permission does not override the need for existing rights of way affected by the development to be kept open and unobstructed until the statutory procedures authorising closure or diversion have been completed. Developments, in so far as it affects a right of way should not be started until the necessary order for the diversion has come into effect.

### Land Instability

The applicant should be satisfied that the proposals have been suitably designed and will not result in instability and approved construction practices should be followed in a responsible, safe manner. The applicant should seek appropriate technical advice and ensure the necessary geotechnical investigations are undertaken to confirm the construction methodology is sound. There should be continual monitoring of ground conditions during any construction work and particularly during any earthwork operations with particular attention to any ground movement or groundwater conditions.

## **B) REFUSE PERMISSION FOR THE REASONS SET OUT BELOW IF THE AGREEMENT IS NOT COMPLETED WITHIN 6 MONTHS OF THE COMMITTEE RESOLUTION OR SUCH EXTENDED TIME AS AGREED BY THE HEAD OF PLANNING:**

**Recommendation B:** Refuse permission for the reason set out below if the agreement is not completed within 6 months of the committee resolution or such extended time as agreed by the Head of Planning.

1. In the absence of a satisfactory completed Section 106 agreement the scheme fails to ensure provision of the affordable housing on site and any necessary financial contribution for off-site provision. Hence the scheme is contrary to policy HOUS 1 of the West Dorset, Weymouth and Portland Local Plan 2015.

2. In the absence of a satisfactory completed Section 106 agreement the scheme fails to provide adequate compensatory biodiversity/nature conservation measures through the provision of a financial contribution for grassland compensation and management of the Local Nature Reserve. Hence the scheme is contrary to policy ENV 2 of the West Dorset, Weymouth and Portland Local Plan and Section 15 of the National Planning Policy Framework.

**APPLICATION NUMBER: WP/19/00699/FUL**

**APPLICATION SITE: 53 Rodwell, Weymouth, DT4 8QX - Demolition of existing dwelling and erect 6no. apartments with associated landscaping works and parking**

**PROPOSAL:** Demolition of existing dwelling and erect 6no. apartments with associated landscaping works and parking.

**Decision:**

Approval subject to the following conditions :

1 The development to which this permission relates must be begun not later than the expiration of three years beginning with the date of this permission.

REASON: This condition is required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

2 The development hereby permitted shall be carried out in accordance with the approved plans:

Location Plan - Drawing Number 366.P.001 P4 received on 25/09/2019 - Approved

Proposed Ground Floor Plan - Drawing Number 366.P.100 P6 received on 22/08/2019 - Approved

Proposed First Floor Plan - Drawing Number 366.P.101 P7 received on 22/08/2019 - Approved

Proposed Second Floor Plan - Drawing Number 366.P.102 P6 received on 22/08/2019 - Approved

Proposed Roof Plan - Drawing Number 366.P.103 P5 received on 22/08/2019 - Approved

Proposed Section AA - Drawing Number 366.P.200 P3 received on 22/08/2019 - Approved

Proposed Section BB - Drawing Number 366.P.201 P2 received on 22/08/2019 - Approved

Proposed Section AA - Drawing Number 366.P.202 P2 received on 22/08/2019 - Approved

Proposed Section BB - Drawing Number 366.P.203 P2 received on 22/08/2019 - Approved

Proposed West Elevation - Drawing Number 366.P.300 P5 received on 22/08/2019 - Approved

Proposed South Elevation - Drawing Number 366.P.301 P5 received on 22/08/2019 - Approved

Proposed East Elevation - Drawing Number 366.P.302 P6 received on 22/08/2019 - Approved

Proposed North Elevation - Drawing Number 366.P.305 P5 received on 22/08/2019 - Approved

View facing South as Proposed - Drawing Number 366.P.500 P3 received on 22/08/2019 - Submitted

View facing South as Proposed - Drawing Number 366.P.501 P3 received on 22/08/2019 - Submitted

View facing West as Proposed - Drawing Number 366.P.502 P3 received on 22/08/2019 - Submitted

View facing North as Proposed - Drawing Number 366.P.503 P3 received on 22/08/2019 - Submitted

REASON: For the avoidance of doubt and in the interests of proper planning.

3 Before any development is carried out above damp proof course level details and samples of all facing and roofing materials shall be submitted to, and approved in writing by, the Local Planning Authority and the development shall be completed in accordance with these details.

Reason: To ensure that the external appearance of the completed development is sympathetic to its locality.

4. Before any development is carried out above damp proof course level, full details of both hard and soft landscape works shall be submitted to and approved in writing by the Local Planning Authority. All hard and soft landscaping shall be carried out in accordance with the approved details. The works shall be carried out prior to the occupation of any part of the development or in accordance with a programme agreed in writing with the Local Planning Authority.

Reason: Landscaping is considered essential in order to preserve and enhance the visual amenities of the locality.

5 Before the development hereby approved is occupied or utilised the turning and parking shown on the submitted plans must have been constructed. Thereafter, these areas must be permanently maintained, kept free from obstruction and available for the purposes specified.

Reason: To ensure the proper and appropriate development of the site and to ensure that highway safety is not adversely impacted upon.

6 Before the development hereby approved is occupied or utilised provision must be made to ensure that no surface water drains directly from the site onto the adjacent public highway.

Reason: To ensure that the site is properly drained and that surface water does not flow onto the highway.

7 Prior to any construction taking place a Construction Environmental Management Plan detailing hours of construction and parking for site operatives shall have been submitted to, and approved in writing by the Local Planning Authority. Thereafter, unless otherwise agreed in writing by the Local Planning Authority the development shall proceed in strict accordance with the plan as have been agreed.

Reason. To safeguard the amenity of neighbours from undue noise and disturbance

8 There shall be no use of the flat roof area above apartment 1 as an external amenity area and there shall be no direct access to that area from apartment 2. Prior to the occupation of apartment 2 the window proposed to be installed immediately next to the external balcony of apartment 2 as shown on the submitted plans on the east elevation shall be permanently fixed shut.

Reason. To safeguard the amenity of neighbours

9 No apartment hereby approved shall be brought into occupation unless and until the privacy/balcony screens as shown on the east elevation for proposed apartments 2-5 have been provided in accordance with the approved plans. When provided they shall be permanently retained as such.

Reason. To safeguard the amenity of neighbours

#### **10 Added Condition by Cttee to say:**

**No development above damp proof course level shall take place until a detailed scheme to enable the charging of plug-in and other ultra-low emission vehicles in safe, accessible and convenient locations within the development has been submitted and approved in writing with the local planning authority. The scheme shall include a timetable for implementation. Thereafter the development shall be carried out in accordance with such details as have been approved by the Local Planning Authority including the timetable for implementation.**

**REASON: To ensure that adequate provision is made to enable occupiers of and visitors to the development to be able to charge their plug-in and ultra-low emission vehicles.**

INFORMATIVE NOTE: Dorset Highways

The vehicle crossing serving this proposal (that is, the area of highway land between the nearside carriageway edge and the site's road boundary) must be constructed to the specification of the Highway Authority in order to comply with Section 184 of the Highways Act 1980. The applicant should contact Dorset Highways by telephone at Dorset Direct (01305 221000), by email at [dorsetdirect@dorsetcouncil.gov.uk](mailto:dorsetdirect@dorsetcouncil.gov.uk), or in writing at Dorset Highways, Dorset Council, County Hall, Dorchester, DT1 1XJ, before the commencement of any works on or adjacent to the public highway.

**APPLICATION NUMBER: WP/19/00611/FUL**

**APPLICATION SITE: Martleaves House, 41 South Road, Weymouth, DT4 9NR**

**PROPOSAL:** Removal of stables and redundant barn/store. Erect 4.no detached houses and two double car ports.

**Decision:** approved subject to the following conditions.

1. The development to which this permission relates must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: This condition is required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended)

2. The development hereby permitted shall be carried out in accordance with the approved plans:

Location & Site Plan - Drawing Number 2018 07 13 received on 25/07/2019 - Submitted

Proposed Elevations - Drawing Number 2018 07 14 received on 25/07/2019 - Submitted

Proposed Floor & Site Plan - Drawing Number 2018 07 12 received on 25/07/2019 - Submitted

Topographical Survey - Drawing Number 2018 07 07 A received on 25/07/2019 – Submitted

Reason: For the avoidance of doubt and in the interests of proper planning.

3. Before the development hereby approved is occupied or utilised the turning and parking shown on the submitted plans must have been constructed. Thereafter, these areas must be permanently maintained, kept free from obstruction and available for the purposes specified.

Reason: To ensure the proper and appropriate development of the site and to ensure that highway safety is not adversely impacted upon.

4. The development shall be carried out in accordance with the report and recommendations of the submitted Biodiversity Mitigation & Enhancement Plan of Lowens Ecology Survey and Assessment dated 6.9.19 and further details as set out in the Dorset Natural Environment Team Biodiversity Mitigation and Enhancement Plan.

Reasons: In the interests of nature conservation

5. Prior to development above damp proof course level details and samples of all facing and roofing materials shall be submitted to, and approved in writing by, the Local Planning Authority and the development shall be completed in accordance with these details.

Reason: To ensure that the external appearance of the completed development is sympathetic to its locality.

6. Before the commencement of development, unless otherwise agreed by the Local Planning Authority, full details of both hard and soft landscape works shall be submitted to and approved in writing by the Local Planning Authority. All hard and soft landscaping shall be carried out in accordance with the approved details. The works shall be carried out prior to the occupation of any part of the development or in accordance with a programme agreed in writing with the Local Planning Authority.

Reason: Landscaping is considered essential in order to preserve and enhance the visual amenities of the locality.

29/01/2020 REASON: For the avoidance of doubt and in the interests of proper planning.

2 The development to which this permission relates must be begun not later than the expiration of three years beginning with the date of this permission.

REASON: This condition is required to be imposed by Section 91 of the Town and Country Planning Act 1990 (as amended).

3 The development hereby approved shall be carried out in accordance with the flood risk management measures as detailed in the Flood Risk Assessment dated September 2019 and shall be maintained as such thereafter.

REASON: In order to safeguard the accommodation from unnecessary flood risk.

4 The biodiversity mitigation measures set out in the approved Biodiversity Mitigation and Enhancement Plan dated December 2019 shall be implemented in full in accordance with the timetable set out, or in the absence of a specific timetable, prior to the development hereby approved being first brought into use and the site shall thereafter be maintained in accordance with the approved mitigation proposals.

REASON: In the interests of protected species and site biodiversity.

5 Prior to first occupation of the dwelling hereby approved, the barn to the south of the site shall be permanently removed, in accordance with the submitted plans.

REASON: In the interests of visual amenity.

6 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order) (with or without modification) no enlargement(s) of the dwellinghouse hereby approved, permitted by Class A and Class B of Schedule 2 Part 1 of the 2015 Order, shall be erected or constructed.

Reason: To protect amenity and the character of the area.

7 The boundary hedgerow between the application site and Loders Primary School shall not be removed unless the written consent of the Local Planning Authority has first been received.

Reason: In the interests of privacy and amenity.

### **Informatives**

National Planning Policy Framework Statement

In accordance with paragraph 38 of the NPPF the council, as local planning authority, takes a positive approach to development proposals and is focused on providing sustainable development. The council works with applicants/agents in a positive and proactive manner by:

- offering a pre-application advice service, and

as appropriate updating applications/agents of any issues that may arise in the processing of their application and where possible suggesting solutions.

In this case, the applicant/agent was updated of any issues and provided with the opportunity to address issues identified by the case officer

### **WD/D/19/002296/LBC**

**GRANT LISTED BUILDING CONSENT** approved subject to the following conditions:

1 The development hereby permitted shall be carried out in accordance with the following approved plans:

Location Plan - Drawing Number 39/115/1 received on 11/09/2019

Proposed Block Plan - Drawing Number 39/115/6 received on 11/09/2019

PLAN / ACCESS DETAILS - Drawing Number 39/115/12 received on 11/09/2019

Floor Plan - Drawing Number 39/115/8A (Amended) received on 20/12/2019

Proposed South & West Elevations - Drawing Number 39/115/10 Rev A (Amended ) received on 20/12/2019

Proposed north & east Elevations - Drawing Number 39/115/9 Rev A (Amended) received on 20/12/2019

SECTION A A / WEST ELEVATION - Drawing Number 39/115/11 Rev A (Amended) received on 20/12/2019

Site Plan - Drawing Number 39/115/7 Rev A (Amended) received on 20/12/2019

Block Plan - Drawing Number 39/115/2 Rev A (Amended) received on 29/01/2020

Block Plan - Drawing Number Block Plan - Drawing Number 39/115/6 Rev C (Amended) received on 29/01/2020

Site Plan - Drawing Number 39/115/7 Rev A (Amended) received on 29/01/2020

REASON: For the avoidance of doubt and in the interests of proper planning.

2 The work to which it relates must be begun no later than the expiration of three years beginning with the date on which the consent is granted.

REASON: This condition is required to be imposed by reason of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990 (as amended).

3 Prior to the commencement of the construction works, a sample of the natural slate shall be submitted to, and approved in writing by, the Local Planning Authority. The slates shall be nailed, not hooked, into place. Thereafter, the works shall be carried out in strict accordance with the approved details.

Reason: To preserve or enhance the character and appearance of the heritage asset.

4 All new guttering shall be black-painted cast metal.

Reason: To preserve or enhance the character and appearance of the heritage asset.

5 All external flues shall be painted black.

Reason: To preserve or enhance the character and appearance of the heritage asset.

6 All rooflights shall be flush fitting, metal conservation rooflights, with central, integral glazing bars.

Reason: To preserve or enhance the character and appearance of the heritage asset.

7 Prior to commencement of the construction works, details and plans of all new vent/extract/flue/boiler locations, together with their material and finish, shall be submitted to, and approved in writing by the Local Planning Authority. Thereafter, the development shall proceed in strict accordance with the approved details.

Reason: To preserve or enhance the character and appearance of the heritage asset.

8 Prior to commencement of the construction works, a sample wall panel measuring at least 1sqm, showing the proposed stone, coursing, mortar mix (which shall be lime based) and method of pointing for the new extension, shall be submitted to, and approved in writing by, the Local Planning Authority.

Thereafter, the development shall proceed in strict accordance with the approved details.

Reason: To preserve or enhance the character and appearance of the heritage asset.

9 Prior to the commencement of construction works, full details of both hard and soft landscape works shall be submitted to and approved in writing by the Local Planning Authority and these works shall be carried out as approved. These details shall include where relevant: (i) proposed finished levels or contours; (ii) means of enclosure; (iii) car parking layouts; (iv) other vehicle and pedestrian access and circulation areas; (v) hard surfacing materials; (vi) minor artefacts and structures (eg furniture, play equipment, refuse or other storage units, signs, lighting, etc); (vii) proposed and existing functional services above and below ground (eg drainage, power, communications cables, pipelines, etc indicating lines, manholes, supports, etc); (viii) retained historic landscape features and proposals for restoration. If within a period of 5 years from the date of the planting of any tree/plant, that tree/plant or any tree/plant planted in replacement for it, is removed, uprooted or destroyed or dies (or becomes in the opinion of the Local Planning Authority seriously damaged or defective) another tree/plant of the same species and size as that originally planted shall be replanted in the first available planting season unless the Local Planning Authority agrees in writing to any variation.

Reason: To preserve or enhance the character and appearance of the heritage asset.

10 Prior to commencement of construction works, detailed elevations (scale 1:10) and sections (scale 1:5) of all new windows and external doors, including details of their material and finish, shall be submitted to and approved in writing by the Local Planning Authority. Any double glazing shall be slimline with black spacers. The development shall proceed in strict accordance with the agreed details.

Reason: To preserve or enhance the character and appearance of the heritage asset.

**APPLICATION NUMBER: WP/19/00501/FUL**

**APPLICATION SITE: 73-75 Portland Road, Weymouth, DT4 9BE**

**PROPOSAL:** Conversion of shop and residential accommodation to 2no. dwellings and erect 3no. dwellings to the rear fronting Williams Avenue.

**Decision: Refused for the following reason:**

**The proposed development of a total of 5 dwellings would have an unduly cramped form of development with small external amenity areas for future occupiers and would result in an overdevelopment of the site. As such it would be contrary to Policies ENV10 and ENV12 of the adopted West Dorset, Weymouth and Portland Local Plan, and contrary to good design as is set out in Section 12 of the National Planning Policy Framework and in particular para 127 which encourages a good standard of amenity for existing and future occupiers.**
