Introduction

The Future Dorset Proposal set out a clear proposal to radically review and improve public services in Dorset and to deliver cost efficiencies from this. Benefits are expected to be realised throughout public services with more co-ordination strategically and operationally across health and care, infrastructure, housing and education sectors. New councils will be better placed to work with town and parish councils, embracing proposals to set up a new Town Council for Weymouth. 21st Century councillors will be digitally capable, strategic and connected with their communities.

The Local Government Reorganisation Programme – “Shaping Dorset Council” is setting out to deliver, as a minimum, the changes required to meet the requirements of the Bournemouth, Dorset and Poole (Structural Changes) Order 2018, inasmuch as the new Dorset Council is created in time to deliver its services safely, legally and without break in continuity from the 1st April 2019.

There is little time for the delivery of transformational change in this period and so the profile of the delivery of the savings will be adjusted, but here is no less ambition to achieve the fully expected savings set out in the proposal. A plan for the convergence of activity and the transformational change will be prepared during the life of this programme and forms a substantial part of the Phase 3 delivery described in more detail in this plan.

A core team has been recruited to plan and manage the process of understanding the changes required by the act of closing and decommissioning the six preceding councils in order to create a brand new council. Our collective workforce is providing much of the subject matter expertise to deliver the required programme and are being engaged through a wide range of activities.

This plan sets out the high level workplan, programme resources and team structure and provides for the required appointment of an Implementation Team, as prescribed by Article 38 of The Bournemouth, Dorset and Poole (Structural Changes) Order 2018.

Programme Approach

Planning has been organised around the three phases. While these are consistent with the Bournemouth, Christchurch and Poole programme approach, the work programme and some of the methodology is slightly different and reflective of the emerging culture and sense of the kind of organisation that the Dorset Council will aim to be, embracing the best of a culture born out of the 21st Century Council approach.

Phase 1 deals with the 'Creation of the new Council', largely delivered by the Central Programme team on behalf of both unitary areas and includes the work, now reaching an end, to prepare the content for the Parliamentary process, including:

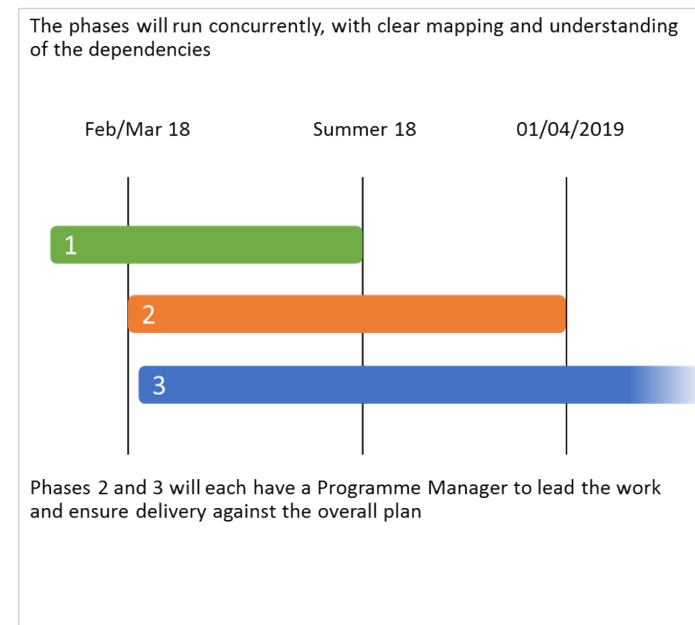

- Structural Change Order / Consequential Orders
- Disaggregation of Dorset Council Council's services in Christchurch
- Preparing the fall-back position ahead of the Boundary Commission Electoral Review
- Council Tax Harmonisation Strategy
- TUPE preparation

Phase 2 concentrates on the 'Delivery of services on 01 April 2019', and deals with the following:

- Create the Shadow Authority and the new Council – the constitution and structures necessary to be operating legally
- Budgets – revenue and capital, Council Tax setting and Harmonisation implementation
- Policy – review / adoption / creation
- Contract novation
- HR / Workforce / TUPE process (workforce in place with their contracts)
- Service continuity on day 1
- Decommission the preceding councils

Phase 3 focuses on the 'designing & building the new Dorset Council' and sets out either high level or interim steps towards a series of key components of how the new council will operate, such as:

- Future Vision / Operating Model
- Culture / Values / Organisational Design
- Communication & Community Engagement
- Capital Development Plan / Operational Plan

Programme Methodology

In terms of the methodology, most of the effort and work is focused on Phase 2. The approach, now that the initiation is nearing completion, is to work through a “Discovery” stage which is specifically designed to draw out the detail required to build the detailed plans that will support the delivery of the changes required. The ‘Discovery’ – ‘Detailed Planning’ – ‘Day 1 Preparation’ stages are iterative and progressive; they are designed to ensure that progressively more information is drawn out and feeding into the planning before the mobilisation work is started.

Phase 3 outputs will include certain elements such as the interim Design Principles for the new Council that will inform the detailed approach for delivering in phase 2.

Service Critical Changes

Service continuity workshops are underway, to explore all the changes necessary with groups of subject matter experts for each of the service groupings illustrated below. These groupings do not represent corporate structure or form; they are common to both Unitary programmes in order to minimise confusion and complication across the services that are served in both council areas by Dorset County Council and Christchurch & East Dorset Councils. The workshop's aim is to drive out detail of services and functions:

- To identify whether there are any changes required
- To identify risks, issues and key decisions
- To enable services to continue from day 1

Task & Finish Groups

A number of Task and Finish Groups have been put into place, their purpose is essentially twofold - to ensure that Members have a clear place to lead the work required in areas of specific detail and to provide a means of engagement, both for elected members and wider partners, alongside the communications and engagement strategy.

Four of the groups – electoral arrangements, disaggregation, the Structural Change Order and council tax harmonisation – have focused on tangible outputs that have been required by Government to support the Parliamentary process. The council tax harmonisation group has now closed following successful completion of their task.

A further four groups – area based decision-making, community partner engagement, Future Service Integration (shared services) and wider member engagement – reflect values and aspirations and have broad, overlapping remits which are cross-cutting elements of the emerging programme plan.

Three Task and Finish Groups have been paused by Joint Committee to allow time for the Phase 3 work on the interim Operating Model and Design Principles to progress, allowing time to consider how these groups ensure their work best fits the model and broad principles of the new Council. These three are:

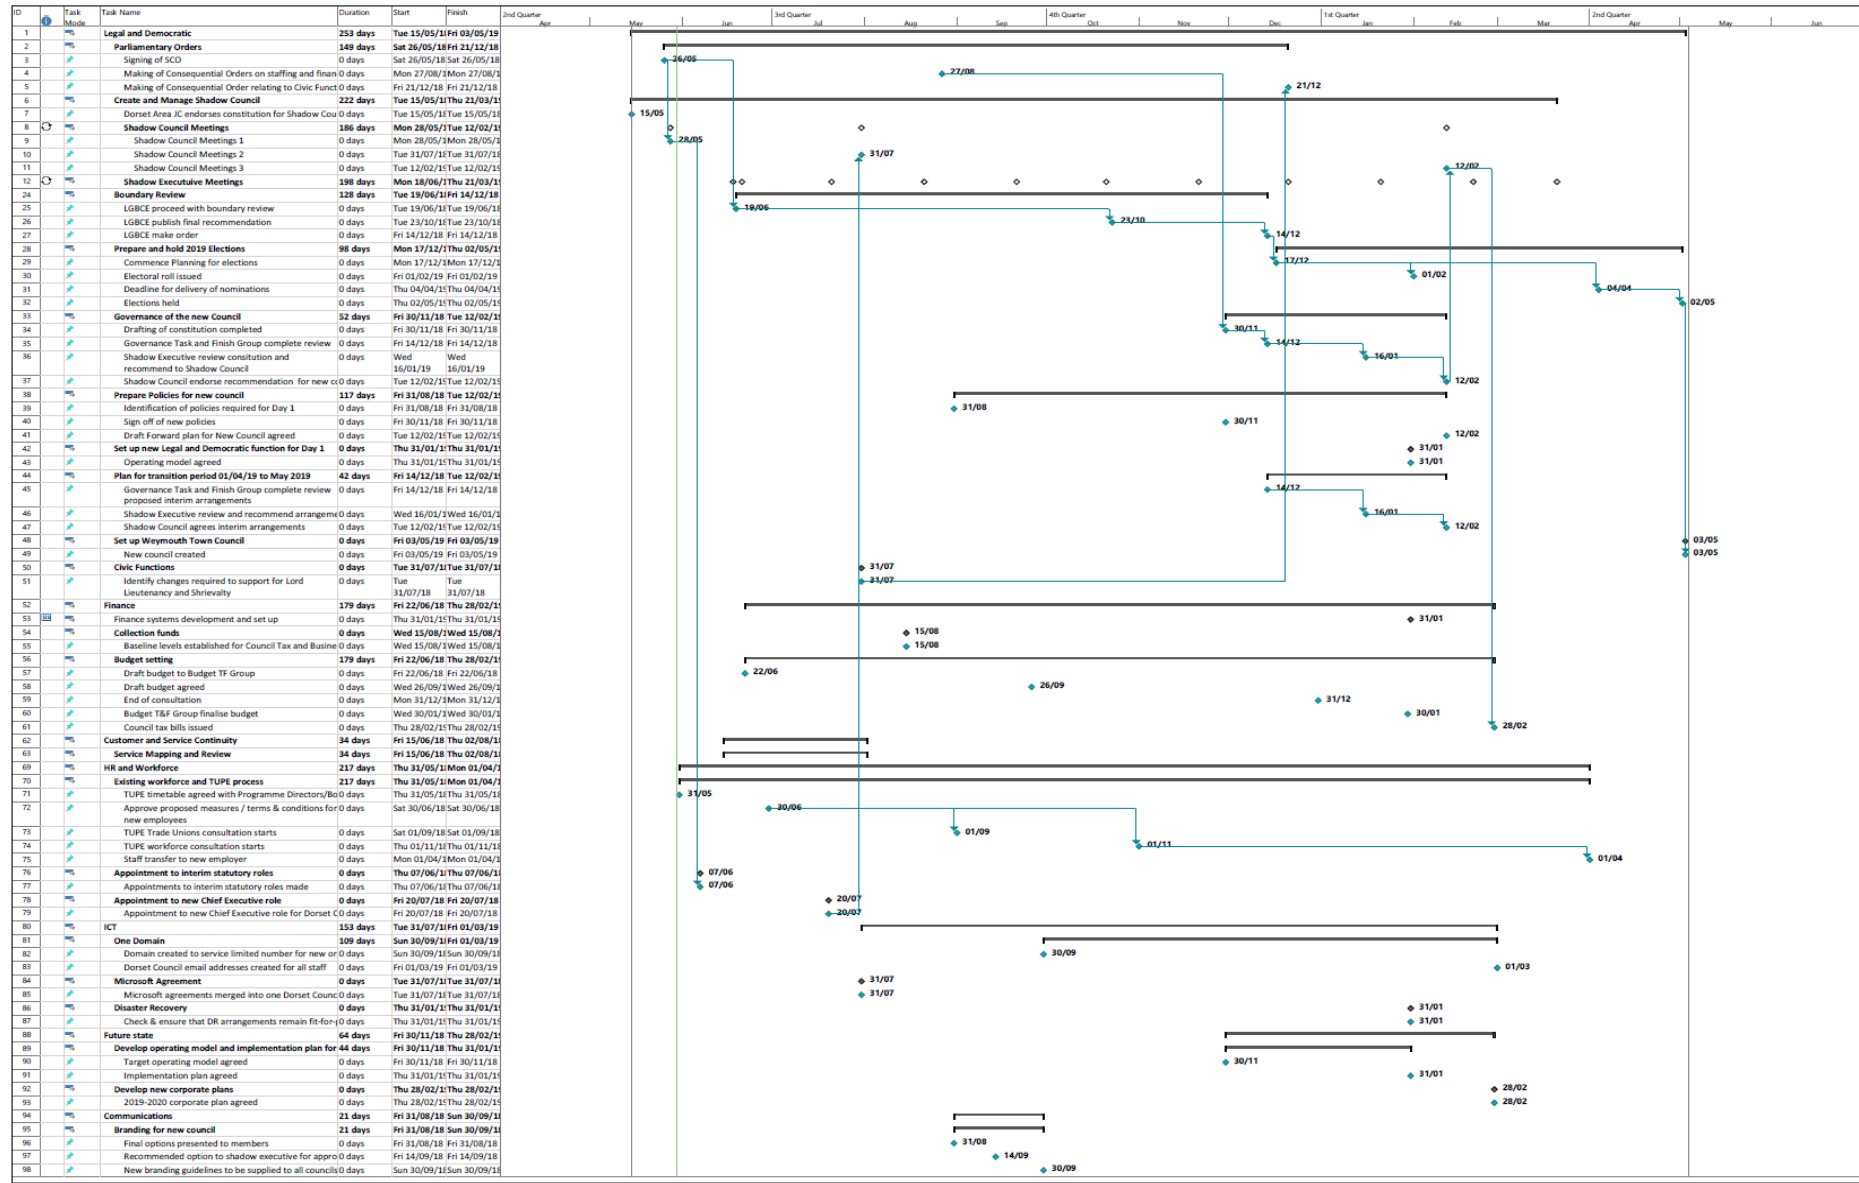

- Future State (Service Integration)
- Community Partner Engagement
- Area Based Decision-making

Critical path

Resources and core structure

The current 'core' programme team structure, the roles and the respective responsibilities are illustrated as follows:

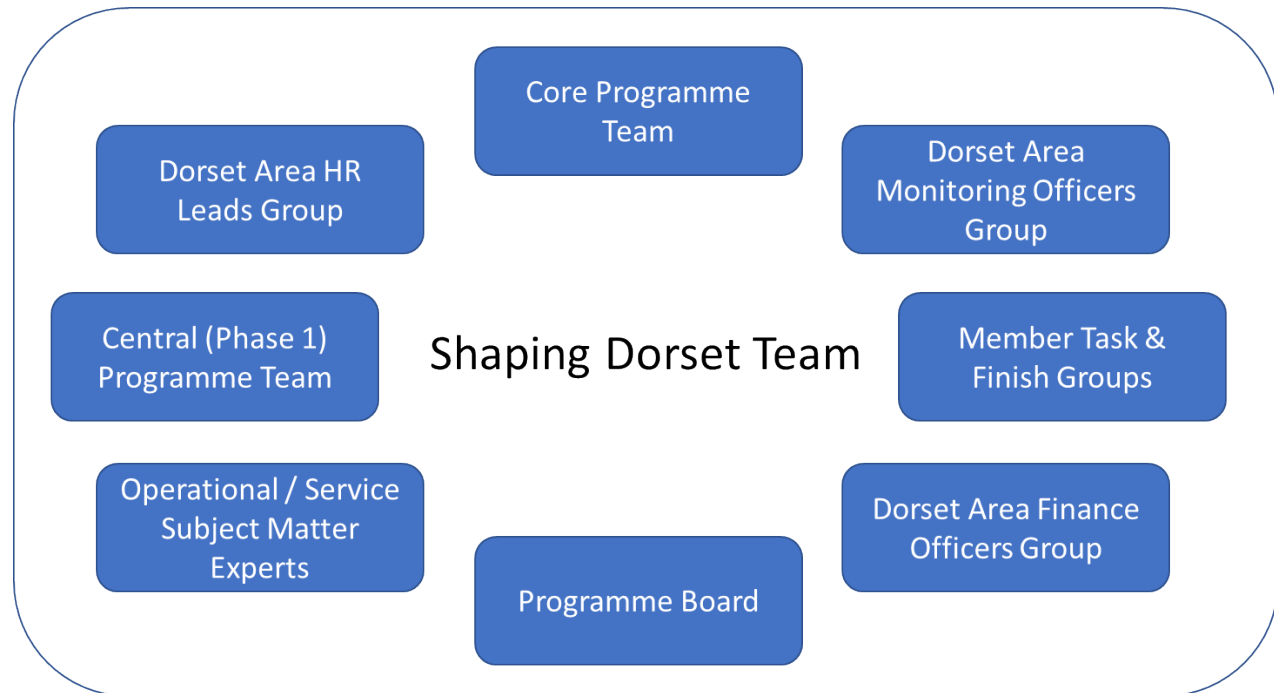

The full delivery team for this programme is far wider than just the core programme team; the enormity and complexity of the programme delivery task is such that many people will be drawn from across the organisations and from external support in order to ensure the delivery of a smooth transition of safe and legal services from day 1. As the programme develops further, changes to the level of resources will be considered.

The team is more properly represented as illustrated.

These groups are constituted from the various leads and key individuals from across the six preceding authorities and in some cases from the Bournemouth, Christchurch and Poole unitary area, thus meeting the requirement under Article 38 of the Change Order.

Meetings to progress activity and resolve issues happen on a routine and regular basis for each of these groupings, in their respective areas of expertise and routine responsibilities.

There is no expectation of these groups all meeting together at any point, the role of the core team is to ensure that outputs and activity of these expert groups is brought together.

Programme Board arrangements

The existing board arrangements are for a weekly meeting of the four Chief Executives, with the Programme Director to discuss progress, resolve issues, make operational decisions, manage risks and ensure full connection of their respective organisations to the programme of work. Once the Interim S151 and Monitoring Officers are appointed, they will also join the Board, with the Interim Head of Paid Service taking up the chair of the Programme Board. When appropriate, the Programme Board will be further extended to include the Service Directors and equivalent roles in each of the preceding councils, so that full accountability is built into board for the continuing services, functions and arrangements.

Shadow Dorset Council is asked to approve these programme and resource arrangements as appropriate.

Budget

The work undertaken by Local Partnerships envisaged the costs of creating two unitary councils would amount to approximately £25m. The majority of this cost (£22.5m) was expected to be incurred shortly after the new unitary councils are created. The balance of £2.5m represented Local Partnerships' assessment of the programme management costs to be incurred before April 2019. The Dorset Area proportion of this estimated is calculated to be £1.213m.

As the programme has developed, it has become clear that the delayed decisions from Secretary of State has compressed timescale which has implication on the deliverability. Also, the decision by Dorset Area Joint Committee to create a new council, rather than use the Continuing Authority model has, to an extent, also increased the amount of work in the programme needed to understand a greater number of services, processes, policies and contracts than was previously expected.

Therefore, with the vesting date being fixed and the absolute necessity for continuity of service required, the resources required to deliver some of the programme management costs will be greater than estimated previously.

The breakdown of costs currently incurred and estimated as required to reach 31 March 2019 is set out as follows:

Costs Jan 2018 – Mar 2019	£'000	
Staffing	1,863.3	
Contingency	278.7	
Bought in Consultancy / Services	237.0	
Technical Support	200.0	
Legal Support	50.0	
Set Up Costs	4.0	
		2,633.0
Provision for Operational Costs	400.0 *	
Potential duplicate costs	167.0 *	
		567.0
		<u>3,200.0</u>

In the schedule above, the costs marked * are not normally considered to be programme management costs and so these have been presented separately.

Communications plan summary and approach

The communications plan focuses on the creation of the Shadow Dorset Council. The current focus is on delivering clear, consistent and timely communications to all stakeholders, to raise awareness of the Dorset Shadow Council and ensure they understand it's role and remit.

The Communications plan is a 'live' document which is subject to regular revision throughout the programme and recognises the work that has already taken place and is still ongoing. This work is being developed through the Wider Member task and finish group, LGR Communications Group.

Branding

A microbrand has been established for the Dorset Shadow Council. This is not to be confused with the branding for the new authority which has yet to be developed.

Tactics

Tactics to support the Shadow Dorset Council are in progress. Activity is listed below:

Stakeholder	Activity
Elected Members	<p>Each council to use the following existing established mechanisms and channels to ensure members are fully briefed and able to access information. This will include:</p> <ul style="list-style-type: none">- Briefings as determined by leaders- Member newsletters- LGR members briefing (fortnightly)- Mod Gov extranet – library facility to hold briefings, newsletters & presentations.- Task and Finish groups <p>In addition new channels and opportunities for engagement will be created. This has been informed by the Wider Member Task and Finish Group:</p> <ul style="list-style-type: none">- Facilitated workshops – designing the new authority- Shared sharepoint site where members can access latest news and information.

	<ul style="list-style-type: none"> - LGR programme drop in sessions
Wider public	<p><u>DIGITAL</u> Social media accounts (twitter, facebook) to be kept current and well populated. This includes the 6 council's accounts, DACJ accounts & Dorset For You. Individual councils to post and engage with well known social media groups.</p> <p>A Shadow Dorset Council will replace the DAJC wordpress site. Ensure information is current. Maximise email & news channels to inform residents as decisions are taken to ensure maximum awareness of topics (e.g. council tax harmonisation, disaggregation, budgets)</p> <p><u>PRINT</u> Council magazine / enewsletter features (where applicable)</p> <p><u>MEDIA</u> The media across Dorset have an important role to play in reporting on the views of the public, workforce and stakeholders and supporting their discussions about local government reorganisation. They are recognised as a key partner. It is important that a way of working is established with the media which recognises their priorities, ways of working and supports the need to communicate accurate and up to date information. Meetings will be held with editors/reporters to explore how we can effectively work together.</p> <p>Priority will be given to using council channels to hold the latest information and news, to help prepare residents for the new council.</p>
Workforce	<p>Each council will use existing established mechanisms and channels to ensure the workforce is fully briefed and able to access information which include:</p> <ul style="list-style-type: none"> - New shared sharepoint site 'Shaping Dorset Council' which will include an area on the Shadow Dorset Council - Intranet - e-newsletters - emails - Blogs/ Vlogs · FAQs to be encouraged and updated regularly with the aim to have a consistent set of questions and answers across the programme - Programme Director blog - Regular briefings to be arranged

Town & Parish Councils	<ul style="list-style-type: none"> - Information to be supplied to DAPTC website and newsletter. - Provide updates at relevant points to ensure business and voluntary sectors remain informed and engaged throughout the process.

Resources & Budget

The LGR communications team for the Dorset Area consists of a Communications and Engagement Manager and two Communications Officers which are full time posts in the LGR Programme Team. They work closely with the Wider Member engagement task and finish group and the Dorset Area Communications group which is made up of communication leads from each Dorset Area council (see table below).

Campaign budgets and resources are being managed and controlled in line with Dorset County Council procurement rules. Expenditure and costs will be monitored against delivered benefits on an ongoing basis and will ensure money is spent wisely and secures best value.

Governance map

Governance of the programme will change from previous arrangements involving the Dorset Area Joint Committee as the Shadow Council comes into place and a Shadow Executive Committee is convened.

Programme Board Arrangements

With the appointment of the interim statutory officers, the existing Programme Board arrangements will change with immediate effect. To date, Board has comprised the four chief executives and the programme director, supported by the programme team. The Board will now be extended to include the interim finance and monitoring officers and the chair of the Board will pass to the interim Chief Executive.

Over the coming weeks, the Board format will increase further to include the senior management tier – strategic or corporate director level – to bring greater ownership of the changes and programme progress to this group, in readiness for the eventual transition to the new council. This will increase accountability, provide insight and stability to the service operation and increase knowledge of the preceding councils' arrangements to a wider forum, in order to minimise the risk of break in service continuity.

Risk Management

A risk workshop was held with the Joint Committee to give some thought to the Committee's appetite for risk taking. An awareness of risk appetite is an essential part of the decision-making process, in ensuring that appropriate risks are escalated, understood and ultimately managed to an acceptable level. A number of questions were posed to Committee members across a range of risk criteria to identify those areas where there was a higher appetite for risk. The output of this session can be viewed in the diagram:

This work highlights a very strong appetite for opportunity risk, and significantly less for compliance type risks (for instance, health and safety and legal). There is also relatively high appetite for reputational risk. From a financial perspective, based on the responses to the questions posed, any risk exposure above £500,000 would be deemed above the usual appetite for risk taking.

The workshop also took some time to consider the key strategic risks to successful delivery of the programme and this is covered below.

Risk Management Methodology

- The Committee approved in principle the risk management methodology at its meeting on 15th November 2017. In prioritising the key focus on risks, it is commonplace to consider both the impact of a risk occurring together with its likelihood. By scoring both factors and multiplying them together, a risk score can be applied. Priority focus should be given to risks that have a significant impact and are considered likely to occur based on current mitigation operated.
- The output from the risk appetite session helps us to refine the methodology to provide some clear escalation criteria for those risks that fall above our appetite for risk taking. In particular, the work informs how we gauge the level of impact. This is set out in the matrix included at Appendix A of this report, and provides a mechanism for scoring not only the threats to programme delivery, but also any opportunities presented.
- Appendix A also defines how likelihood of risk will be assessed, and how the multiplication of impact and likelihood provides a risk score for High (Red), Medium (Amber) or Low (Green) level risks.

Programme Risks

The second part of the February workshop focussed on an identification of the most significant risks that could potentially impact on the successful delivery of the programme. The chart below sets out the key risk themes discussed.

<p><u>Future State</u></p> <ul style="list-style-type: none"> • Inability to establish most effective management team; • Failure to agree corporate vision; • Failure to recognise the opportunities to streamline and modernise services to deliver a new Council vision for a new Authority; • Insufficient capacity/resources to deliver the programme within timescales (project slippage) <p><u>Finance / Disaggregation</u></p> <ul style="list-style-type: none"> • Delays in disaggregation work; 	<p><u>Workforce</u></p> <ul style="list-style-type: none"> • Failure to ensure due diligence during restructuring / staff transfer process; • Failure to agree a set of HR policies that dovetail; • Retention of key staff may be difficult during period of uncertainty and transition • Conflict of capacity between Shadow structure reps and their employing LA <p><u>Legal / Governance</u></p> <ul style="list-style-type: none"> • Failure to establish early decision-making processes;

<ul style="list-style-type: none"> • Disaggregation of management / staffing / budgets structures across Shared Service arrangements; • Council Tax harmonisation strategy is not agreed (locally or nationally); • Interdependencies with other government bodies causes delays (HMRC PAYE Number etc); • Insufficient transformation to achieve the financial benefits set out in the business case; • Poor budget forecasting and control 	<ul style="list-style-type: none"> • Failure to understand full statutory responsibilities of merging authorities creates an exposure to legal challenge <p><u>Technology</u></p> <ul style="list-style-type: none"> • Failure to integrate systems and data sharing arrangements <p><u>Customer / Service Delivery</u></p> <ul style="list-style-type: none"> • Inadequate communication with the public / partners during transition; • Drop in service levels during transition

The Programme Team are analysing these risks in more detail and are populating a risk register to include the mitigation being taken to reduce the level of risk to an acceptable level. From an escalation perspective, it is important that the Joint Area Committee remain sighted on those risks that are deemed above risk appetite, and using the scoring matrix in Appendix A this is defined as any risks scored as High/Red, or where the potential impact is scored as either a 4 or 5 (in recognition that whilst likelihood may be low, the potential impact is above the Committee's usual appetite for risk taking).

Future reporting of risk to Joint Committee will include those risks which fit the agreed profile described, with an indication of the mitigation being undertaken or in place. There will also be an indication of the confidence level in that mitigation successfully reducing risk to an acceptable level.

Wherever possible, risks will be mitigated or managed to levels scoring in the green or amber scales set out below. Exceptions to this will be reported, along with areas trending towards the reportable scale.

Risk Landscape for Dorset Council

In addition to the work carried out to date in relation to implementation risks, some preliminary work has been undertaken across the partner authorities to get a view of the current risk landscape for the new Dorset Council, based on the content and scoring within outgoing authority corporate risk registers.

This helps to provide an early indication of key risk exposures, which will develop further as Dorset Council’s vision is defined. The Programme Team will map key risks associated with reorganisation to this output, and will report the findings in a future risk management update.

IMPACT - THREATS							IMPACTS - OPPORTUNITIES		
Score	Financial	Legal / Compliance	Strategic	Safety, Wellbeing & Safeguarding	Reputation	Service Delivery	Score	Financial	Service Improvement
5	Over £1 million	Non-compliance with legislation or regulatory breach	Complete failure of a strategic priority	Fatality or life-changing injury / illness; Significant safeguarding breach	Complete failure in confidence (local or national)	Complete failure to deliver critical services (safeguarding; urgent statutory responsibilities etc)	5	Over £1 million	Significant opportunity
4	£500k to £1 million	Significant regulatory impact	Major impact on a strategic priority	Major injury / illness; moderate safeguarding breach	Long term media attention (local or national)	Major impact on delivering critical services (safeguarding; urgent statutory responsibilities etc)	4	£500k to £1 million	
3	£300k to £500k	Moderate regulatory impact	Moderate impact on a strategic priority	Moderate injury / illness	Medium term negative impact on public memory	Serious disruption to less critical services	3	£300k to £500k	Moderate opportunity
2	£100k to £300k	Minimal regulatory impact	Minor impact on a strategic priority	Injury or illness requiring minimal intervention / treatment	Short term negative impact on public memory	Minor disruption to services	2	£100k to £300k	Minor opportunity
1	£100k or less	No legal or regulatory impacts	Negligible impact on a strategic priority	No health and safety impact	Minor complaints or rumours	Negligible disruption to service delivery	1	£100k or less	Negligible opportunity
