9. Details

9.1. Jurassic Field Productions Ltd have applied to vary the premises licence WDPL0658 for Askers Meadows, Sea Road South, Bridport, DT64AX.

9.2. The premises licence is attached at appendix 1 and currently allows for; -

Alcohol to be supplied on the premises

| | |
|-----------------------------------|----------------|
| Second Friday of July each year | 18:00 to 23:00 |
| Second Saturday of July each year | 10:00 to 23:00 |

Regulated Entertainment, Live and Recorded Music and dance

| | |
|-----------------------------------|----------------|
| Second Friday of July each year | 18:00 to 23:00 |
| Second Saturday of July each year | 10:00 to 23:00 |

9.3. The application is to include a third day every year, being the second Sunday in July from 11:00 to 22:00. The application is included in full at appendix 2.

9.4. The application has been advertised on the premises, in a newspaper circulating in the area and on the Council's web site.

9.5. One representation has been received objecting to the application. The representations states: -

I'd like to object to the extension of the Jurassic Fields license. It's already a noisy polluting event and an alternative venue should be found instead of extending the damage to the Asker's Meadow nature reserve.

I live nearby and the noise and disruption are already considerable.

10. Considerations

10.1. Paragraphs 9.42 to 9.44 of the Section 182 Guidance sets how the Authority should decide what actions are appropriate.

“9.42 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.

9.43 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

9.44 Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does

not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination.”

11. Recommendation

11.1. The Sub-Committee determines the application in the light of written and oral evidence and resolves to take such steps as it considers appropriate and proportionate for the promotion of the licensing objectives of;

- a) the prevention of crime and disorder
- b) the prevention of public nuisance
- c) public safety
- d) the protection of children from harm.

11.2. The steps that the Sub-Committee may take are:

- a) modify the conditions of the licence, or
- b) reject the whole or part of the variation.
