

## Appendix 4 – Response to Reduction in Times

We would still like to register our concerns regarding granting an alcohol licence to Waters Edge Cafe.

The reason for this is this is still in a residential area and as the seating is as mentioned 1.5 meters from my door, which is my main entrance I would not feel comfortable or safe walking past people consuming alcohol especially when I have my grandchildren with me.

The current owner also has the business up for sale and although he has decided to not extend his opening hours if a licence was granted the new owner may have other plans.
