Consultation Report for Anti-social Behaviour related Public Spaces Protection Orders

The committee received and considered a report of the Service Manager Licensing and Community Safety which set out the results of the consultation for the proposed Anti-social Behaviour related Public Spaces Protection Orders (PSPOs) for parts of the Dorset Council area. The committee was invited to comment on the draft Orders and recommend them to Cabinet for approval if they were satisfied that the relevant criteria had been met for each order.

The Service Manager Licensing and Community Safety provided an introduction to the draft orders and a summary of the changes that had been made following the period of consultation. In addition, he noted that requests for additional areas to be covered by a PSPO would be considered and would be subject to future consultation if appropriate. Ward members would be included in this process.
