Informatives

Informative: National Planning Policy Framework Statement

In accordance with paragraph 38 of the NPPF the council, as local planning authority, takes a positive approach to development proposals and is focused on providing sustainable development.

The council works with applicants/agents in a positive and proactive manner by:

- offering a pre-application advice service, and
- as appropriate updating applications/agents of any issues that may arise in the processing of their application and where possible suggesting solutions.

In this case:

Informative: This permission is subject to an agreement made pursuant to Section 106 of the Town and Country Planning Act 1990 dated [TBC].

Informative: Privately managed estate roads

As the new road layout does not meet with the County Highway Authority's road adoption standards or is not offered for public adoption under Section 38 of the Highways Act 1980, it will remain private and its maintenance will remain the responsibility of the developer, residents or housing company.

Informative: Fire safety

To fight fires effectively the Fire and Rescue Service needs to be able to manoeuvre its equipment and appliances to suitable positions adjacent to any premises.

Therefore, the applicant is advised that they should consult with Building Control and Dorset Fire and Rescue Service to ensure that Fire Safety - Approved Document B Volume 1 Dwelling houses B5 of The Building Regulations 2006 can be fully complied with.

Informative notes to LPA/Applicant; as previously highlighted, detailed proposals including finalised calculations will need to be supplied and approved in respect of subsequent submissions and discharge of the requested surface water planning conditions listed above, prior to commencement. Whilst we acknowledge the discussion contained within the above supporting documents with regard to an acceptable discharge rate, relevant design criteria and perceived betterment over the
