

## **Public Participation – Cabinet 1 November 2022**

Question from Philip Eades

I note from an answer given at Cabinet 27 May 2022 that the Council identified 44,000 non-direct debit Council Taxpayers in Bands A to D who are entitled to the £150 rebate this financial year

How many of these 44,000 have been paid their £150 and what publicity has the Council undertaken to ensure these Council Taxpayers claim their money? Were all 44,000 written to individually to advise of their eligibility for this £150?
