**Subject:** Chesil Rocks License application

**Categories:** Karen

To Whom it may concern,

I would like to offer my wholehearted support of the license application by Timothy John Warren for Chesil Rocks , Langton Herring. I have been a resident of the village of Langton Herring for over 6 years and have attended the very well run event of Chesil Rocks since I moved here in 2016 (except for 2020 when it wasn't running). Tim and his wife Hilary put so much effort into ensuring that Chesil Rocks is a safe family friendly event which means I can take my grandchildren to it confident that they will be safe and enjoy it. Tim and Hilary employ security and have well trained volunteers to ensure that everything runs safely and smoothly. They have the support of a local farmer who volunteers a field for safe parking for the attendees of the event. I am unaware of any issues of criminal activity during any of the past Chesil Rocks events or of any disturbance in the village. Tim and Hilary are always very transparent about what is happening and communicative with the local residents and in fact I believe a majority of the residents have attended the event as volunteers or supporters. The events raise huge amounts for the Dorest Samaritans, a quarter or more of their annual income, I believe, and therefore it draws in further volunteer help from the Samaritans and and from people from other surrounding villages who support this worthy cause. In addition the ethos of Chesil Rocks means that many local musicians and organisations have a platform of support through this event.

As a resident of the village in which Chesil Rocks takes place I am very proud that it takes place here and to give my support to this application which I hope will be successful.

Yours Faithfully
