The report to consider an application to divert part of Footpath 22, Wimborne Minster under the Town and Country Planning Act 1990 (TCPA) as it was affected by development, was presented by the Senior Definitive Map Technical Officer. The application had come to committee as part of the affected land was registered to Dorset Council. The proposal was unopposed, and the legal tests were regarded to have been fulfilled, therefore the application was recommended for approval.

The Senior Definitive Map Technical Officer advised that the new route had been partly constructed and highlighted the various connecting points and views via a powerpoint presentation.

The recommendation was that the Order be approved and if no objections were received, be confirmed by Dorset.

.....  
Oral representation was received in support of the application from Adam Ford, the agent for the applicant.

There were no member questions other than to confirm that the application had come to committee as Dorset Council owned part of the land, and that best use had been made of the development land as required by the National Planning Policy Framework (NPPF), and that it was in accordance to move footpaths in order to accommodate that. The Legal Business Partner, Regulatory advised that the application for a footpath was considered under a different statutory test than the NPPF.

**Proposed by Cllr Shane Bartlett, seconded by Cllr Belinda Ridout.**

**Decision that:**

**The application to divert part of Footpath 22, Wimborne Minster be accepted and an order made;**

**The Order included provisions to modify the definitive map and statement to record the changes made as a consequence of the diversion; and**

**If the Order was unopposed, and was considered to meet the legal tests it be confirmed by the Council.**
