To A Powell

I wish to object in the strongest terms to the licence approving live & recorded music beyond midnight, i have had negative experience of loud music disturbing my sleep ,to which I have complained to Dorset county council last year, in the past the organisers have said they would provide a contact & telephone number to which complaints could be directed during the festival, unfortunately this system has not worked in the past couple of years. Organisers also guaranteed that music played after midnight would be moderated so as not to adversely affect adjacent house's, that didn't materialize, so we had to put up with the noise. In view of the foregoing please take action to ensure there is no music beyond midnight during the festival,

Many thanks
