PASSIONATE ABOUT
CHANGING & SAVING LIVES

- Further guidance can be found in the "Fire Safety – Risk Assessment" publication for this premises type, available as a free download from www.gov.uk (fire safety law and guidance documents for business).

I take this opportunity to remind you that fire safety is a dynamic process to be considered on a daily basis, and the assessment of fire risk should be constantly under review and updated as required, especially where the risk in the premises has been affected by alterations, changes in procedures, use or occupancy.
