Hi Kathryn

Ahhhh he has done a transfer of the existing licence it seems like (a bit unfair on us locals if it stops us objecting on a new venture) yes please pass my objection on because they need to know about potential noise and it saves them going into it blind and makes them aware of residents living close by as they come from a long way away.

Many Thanks
[REDACTED]

Dear [REDACTED] thank you for your email regarding the variation of the Slug and Lettuce, the application is for a reduction in the terminal hour for the sale of alcohol and to reduce the commencement hour on opening times, amendment to one of conditions on the current licence in relation to proof of age, this is changing from Challenge 21 to Challenge 25, and the bar serverly is being re-orientated.

All other conditions and times for licensable activities remain as per the current licence.

With these amendments, as stated above, please can you confirm that you are still wishing to continue with your objection to the variation application.

Many thanks

Kathryn Miller

Hi

I'm writing in on the Grounds of Prevention of Public Nuisance i live in the immediate vicinity of the premises. I'm concerned about the noise that may come from customers coming and especially leaving at the end of a evening and maybe rubbish decarded as they leave from maybe snacks bought inside.

Obviously noise will be my main concern as maybe customers stand out the front (smoking, chatting) the road can be empty very often so any noise echos and especially when people leave at around 2am. Can customers be made away that residents live close by ,by signage or if they have security they can remind people as they leave.

That would really help us and hopefully not disturb our sleep, we wish to work together so every one is happy
